

## Primray Nets 132 Pre-Vote

**Polls Opening  
8 A. M. Saturday  
In 34 Precincts**

Absentee balloting totaled 132 as Milam County joined Texas in the preliminaries of the second Democratic Primary Saturday.

Polls at the regular 34 precinct voting places will open at 8 a.m. and close at 7 p.m., the same hours as the May 4 primary.

Neither Republican nor American Parties have any runoffs.

Precinct 37 has been moved from the Marak Parish Hall to the Frank Mikulec store.

The Democratic gubernatorial runoff is between Preston Smith, 56, incumbent lieutenant governor, seeking the Democratic nomination for the first time, and Don Yarborough, 42, of Houston, seeking the nomination for a third time.

It is generally considered a classic test of voting strength between liberals, identified with Yarborough, and conservatives, identified with Smith.

**OTHER RUNOFFS**  
Local precinct runoffs on respective precinct ballots, not on all ballots, are:

—For Commissioner, Precinct 4, challenger Dalton Caffey and incumbent Mrs. Dora McCasland, widow of the former commissioner, is standing for election after her appointment.

—For Constable, Precinct 2, Roy Yates and Charles W. Bailey.

Smith has received the endorsement of Democratic primary candidates Dolph Briscoe, Waggoner Carr, John Hill and Eugene Locke, all considered more conservative than Yarborough.

Turnout in the first Democratic primary was 5310 votes according to Max McClaren, chairman of the Milam Democratic Executive Committee.

Smith has 18 years of legislative experience, six as lieutenant governor. Yarborough has extensive debating background, and has sought election as lieutenant governor in 1960 and governor in 1962 and 1964.

Yarborough led first primary voting of the field of 10 candidates with 1257 votes, followed by Smith with 1030 votes.

**ENDORSEMENTS**  
The four candidates who have publicly or by implication endorsed Smith's candidacy in the second Democratic primary gathered about 3780 votes in Milam May balloting.

By count, they received: Briscoe 953, Carr 914, Hill 397, and Locke 309.

McClaren said a second primary generally does not attract as heavy a voter turnout.

Precinct judges will be the same for the second primary, McClaren said.

Precincts are located at: Ad Hall, Baileyville, Ben Arnold, Branchville, Buckholts, Burlington, Cameron 1 Courthouse and Cameron 2 Yoe Gym, Clarkson, Conoley, Crush, Davilla, Elm Ridge, Friendship, Gause, Gay Hill, Hanover, Jones Prairie, Marlow, Marak, Maysfield, Milano, Minerva, Rice School, Rockdale 15 Legion Hall and Rockdale 16 Junior High Gym, Salty, Salem, Sand Grove, San Gabriel, Sharp, Thorndale, Walkers Creek and Yarrleton.

## Work Scheduled On UR Planning Surveys Downtown

A. W. McCullin, chairman of the Cameron Urban Renewal Board, told The Herald this week work will begin Monday on the basic survey and structural survey of the downtown project planning area.

James B. Green, project engineer from Houston's Bernard Johnson, Inc., told McCullin that aerial photos and survey area boundaries have been completed.

McCullin said a public meeting with downtown property owners and businessmen will be held about June 10, following completion of all surveys of the 24-block area.

The Urban Renewal Agency office has opened at 203 South Houston.

**CHAMPION CHICK GROWERS** — Wayne Jistel, Reserve Grand Champion with sponsor A. L. Raymond representing Milam Beer Distributors, (left) and Melanie McClaren, Grand Champion

with sponsor Richard Williams, vice president of First National Bank (right) at Milam County Junior Broiler Show awards dinner Saturday.

## 109

With F.M.L.

Beside being able to announce a new industry, we have been informed that some newspaper and TV men in Fort Worth - Dallas have combined for a recording called "Elue".

Robert Mann, formerly of Cameron and now a special assignments reporter with the Fort Worth Star Telegram, the past weekend introduced Dave Stoker, a Star Telegram copy editor, here.

Dave is producer of the record sung by Alex Burton, the news editor of TV Channel 39 in Dallas.

Seems the news people are going into music.

"Elue" is a Texan's narrative about his son who goes off to the East to be educated and become

## New Church Series Feature To Boast Community Interest

The first of a series of weekly Go-To-Church advertisements appears in today's edition of The Cameron Herald. These advertisements, with attractive art work and timely commentaries are intended to increase community interest and church attendance.

This feature has national acceptance and The Herald, along with local ministers, are grateful for the contribution which is made by a group of community-minded firms and individuals listed on the Church Feature Page.

They are as follows: Mack's Oil Company, Anderle Lumber Co., Epley Furniture Co., Wied Hardware, Cameron Machine Shop, Milam Grain Co., and New Cameron Pharmacy.

And: Milam Sheet Metal Shop, Dodson Auto Supply, National Building Center, St. Edward Hospital, Dairy Queen, The Back Door Shoppe, Archer Electric Service, McLane Co., Inc.,

Modern Gin, Mamie A. Hefley Ins. Agency, Newton Memorial Hospital, Culpepper Furniture and Hdw. Co., Cameron Nursing Home, Schiller Motors, Southern Farm Bureau Insurance.

## Storm Hits Utility Lines

## May Rains Near 6 Inches

Pleasant spring rains were capped with an electrical storm Monday morning that hit several telephone and power lines around Cameron.

Southwestern Bell Telephone Co. crews were still working on lines affected by the storm, however they reported that all telephones were back in service in the Cameron area by Wednesday morning.

Rainfall lacked a fraction of measuring 6 inches in May with an official 5.99 inches recorded in Cameron following Monday's

storm. The 1968 rains were predicted with a record 7.13 total rainfall in January. It compared with a 36 total rainfall in January 1967. Rains for 1968 through May have totaled 21.16 inches in the Cameron area. Rainfall through May 1967 was 8.92.

Comparative tables show:			
	1968	1967	
January	7.13	.36	24
February	2.38	.97	25
March	2.31	.98	26
April	3.35	2.32	27
May	5.99	4.29	28

The heavy rains failed to hold temperatures down although northern winds brought brief relief from 90 degree plus highs Friday and Saturday.

Temperatures for the past week reported by Alvin Heftt, City Water Dept. Supt., were:

	HI	LO
MAY	88	70
	89	72
	90	72
	92	72
	83	69
	80	62
	87	58

## Melanie McClaren W. Jistel Win Poultry Honors

Melanie McClaren was awarded the Grand Champion trophy at the Junior Broiler Show dinner Saturday night. Wayne Jistel won the Reserve Grand Champion trophy for his broiler chicks.

Trophies and ribbons were presented following a barbecue dinner for growers, parents and sponsors at Methodist Fellowship Hall.

Miss McClaren was sponsored by First National Bank. Jistel was sponsored by Milam County Beer Wholesalers.

Other top awards received Saturday evening were: David Ehler, 1st place, records; Daniel Richardson, 2nd place, records; Melvin Hollas, 1st place, junior judging - cockerel division; Debbie Cates, 1st place, junior judging - pullet division.

Winners in the Cockerel Division were: Daniel Richardson 2nd, Melvin Hollas 3rd, David McClaren 4th, Joseph Jistel 5th, Clyde Jistel 6th, Martin Mueck 7th, P. A. Fleming 8th, Deborah Stephens 9th, Kelvin Kroeger 10th.

Winners in the Pullet Division were: Kathy Kostroun 2nd, Pat Tepera 3rd, Ben Vogelsang 4th, Eugene Moraw 5th, Blane Laywell 6th, Leon Hollas 7th, Larry Reinders 8th, Debbie Cates 9th, Patricia Dohnalik 10th.

Chairman of the Chamber sponsored Poultry Show and Awards Dinner was Bill Hornung.

## Banks, Government To Observe Holiday

Cameron banks, federal government offices and county offices will be closed today (Thursday) in observance of Memorial Day.

Most Cameron and Central Texas businesses will remain open.

# Magna-Craft, Inc. Opens Plant In City

For Subdistrict

## Elm Creek Election Set

A bond election for newly created Elm Creek Watershed Subdistrict 1 has been set for June 25.

Watershed Authority board of directors voted unanimously to hold the election to build \$8.2 million worth of flood control dams in the subdistrict following a two-hour public hearing Tuesday in Temple.

The subdistrict includes Elm Creek and adjoining flood plains, covering 44,500 acres and 497 separate tracts of land. The entire Elm Creek Watershed covers 200,000 acres in Milam, Bell, Falls and McLennan Counties.

Polling place for the election will be the Edwin Psencik store in Red Ranger, about midway in the 30-mile-long subdistrict. Absentee voting will begin June 5 and end June 21.

## NO INTEREST FOR GAMES, SWIMMING

Summer activities for Cameron youths remain at a standstill with no applicants for games program director or swimming pool manager.

The summer recreation program, endorsed by the city council in March, would have paid a games director for an 8 to 10 week program. City fathers appropriated \$1,000 for the director's salary. The Cameron schools agreed to furnish facilities for the summer program.

Mayor E. A. Perrin said there apparently had been no interest in the swimming pool manager's job this year, probably because of losses in July and August last year.

Perrin said "The pool operates on a concession basis with the manager's salary dependent on profits." He said the city had not considered paying a swimming pool manager if the operation could not sustain itself.

The City included \$2,768.38 for swimming pool maintenance in the 1968 budget. The pool manager is paid \$40 a week plus income from swimming lesson fees, concession stand, and profit percentage.

## Cameron Lions Attend District Conference

District 2-S-3, Lions International held its annual convention in Bryan, May 17-19, in the Ramada Inn. The Cameron Noon Lions Club was represented by Rev. J. E. Lafferty, James Camp, Dr. John L. Martin, and Dr. S. H. Richardson. Also, the newest club in the south central Texas area district, the Cameron Evening Lions Club was represented by Lions Richard Burke and Jack Tumlison.

The Cameron Noon Club was rated second in the district efficiency contest from 62 clubs that extend from Austin to Bryan, Calvert to Eagle Lake, Texas.

Dexter Anderson, Eagle Lake rice farmer, was elected District Governor for 1968-69; Charlie Briggs III, Calvert rancher, became Deputy District Governor at Large. Harold Love, Rockdale petroleum distributor, was elected to a directorship of the Lions Crippled Childrens Camp at Kerrville.

Dr. John Martin, Cameron chiropractor, was appointed to the District Cabinet to serve as Membership Development and Retention Chairman for the 3000-member district. Dr. Martin was on the District Cabinet this past year as Zone Chairman over five area Lions Clubs.

Linda Richardson, daughter of Dr. and Mrs. S. H. Richardson, represented Cameron in the Queens Beauty Contest in which 43 girls of high school age were entered. The contest was won by the South Austin Lions contestant.

Psencik was appointed presiding judge, Mrs. Psencik, election judge and Joe Coufal and Reuben Mike-ska, clerks.

The election will be to sell \$300,000 in bonds for the subdistrict's share of the cost of building 62 flood control dams and improving 15-18 miles of channels. The local funds will be supplemented by a \$5.6 million federal government grant, plus \$2.3 million in services contributed by the subdistrict for contract administration and obtaining easements.

The proposed tax will cost residents of the subdistrict 35 to 40 cents an acre. Bonds would be retired over a 40-year period.

E. A. Perrin, a member of the Authority's board of directors, said the last Elm Creek bond election had lost in Milam County by only a few votes.

"This was in an election that included the entire Elm Creek Watershed," Perrin said. He pointed

out that in the coming election only people who live in the subdistrict and own taxable property within the district will be eligible to vote on the bond issue.

County courts in Milam, Bell, Falls and Williamson have previously agreed to maintain the dams.

About 300 attended the public hearing Tuesday with the general feeling favoring the subdistrict election. Floods along Elm Creek two weeks ago caused an estimated \$200,000 loss.

Bill Harris, general manager of the 1,600-acre Elm Creek Farms near Cameron, had said recently that they lost 400 acres of corn to flooding last year.

Harris said he alternates between having too much water and not enough because of the uncontrolled waters of Elm Creek. The dairy farm has two creeks which are tributaries of Elm Creek. He has approximately 600 acres of land subject to flooding usually in April or May.

## Girl Scout Day Camp Opens Mon.

Cup trees and ditty bag lines will dot the landscape at Wilson-Ledbetter Park Monday as Cameron area Girl Scouts set up sites for a five-day Day Camp.

The camp will be held June 3 through 7 from 8:30 a.m. to 2:30 p.m. each day except Thursday. On Thursday the schedule will be 3 to 8 p.m. with parents invited to visit during the evening hours.

"Crazy socks" and nose bag lunches will be the fashion Monday. Competition for the most unique sock decorations will spark

opening day.

Mrs. James Kahler, Day Camp director, said 26 trained adult workers will supervise the week of camp activities. Last year about 75 Girl Scout campers registered for the five-day outing.

Mrs. Kahler said each troop will have an assignment camp site. The program will include cookouts, crafts, nature studies and camping safety rules. "Our main objective is for the girls to have fun in a camp experience," Mrs. Kahler said.

TENNIS singles competitors from Yoe High School, Dwight Jekel, Martha Lynn McDermott and Sharon Cook, brought home two 2nd and one 3rd place honor from District competition this spring.

## Burleson Named Penney Manager

Delbert Burleson, formerly sales and merchandise manager in Beaumont, has been named manager of the J. C. Penney Dept. Store in Cameron.

He succeeds Jerome Friesen, who has been named manager of the J. C. Penney store in San Benito.

Burleson attended the University of Texas and joined the Penney company in 1960 as a trainee in Galveston. He was promoted to department manager in 1962 and sales and merchandise manager in Galveston in 1966.

A native of Dallas, Burleson, his wife Judy, and Shellye, 1 year, will reside at 803 E. 12th St.

Friesen came to Cameron from Victoria in 1965. He had served as co-chairman of the Cameron Chamber's trade development committee.

Burleson took over management of the Cameron store the past weekend.

## Training Set For Personnel By June 12th

Magna-Craft, Inc., manufacturer of upholstered furniture, is readying the former McLane Company building, on the Courthouse square, for production starting this summer.

Clifford Kuykendall Logan, company president, said a training program for some 25 employees will begin June 12. Seven categories of jobs will be open.

Other officers of the new corporation, founded in Temple, are: vice president Loyd Burleson, one of the founders of Temple's Arco Bell; secretary - treasurer Dudley Moran Kuykendall, associated with his father in the Kuykendall Cadillac - Oldsmobile agency, Temple.

Two directors are: Kirk DeLang, an executive with Kuykendall Motor Co., Kuykendall Insurance Co., and Kuykendall Leasing Co.; and J. Doyle Harrison, Sr., owner of Doyle Harrison Livestock Co., Harrison Shipping Co. and a founder of Arco Bell of Temple.

## SUPERINTENDENT

The plant superintendent is Roy Alexander Chester, who has worked with Hickory Tavern and Woodyland Hill Manufacturing Co., all of North Carolina. The Chesters will make their home in Cameron. He has been associated with Drexel and is a native of Morganton, N.C.

Woodcrafting foreman is Eugene Fox, formerly associated with Henredon and Drexel furniture companies. He is a native of Burnsville, N.C. and has been associated with the furniture business all his adult life. The Foxes also will live in Cameron.

Pictures of the new executives and managers will appear in a later edition of The Herald.

Logan, company president, is a native of Oklahoma, later attending Oklahoma University and Colorado University. He has represented leading furniture manufacturers since 1951 and is presently representing La-Z-Boy Chair Co. in Texas.

He is married to the former June Heichelheim and they have two sons, Cliff III and David. They now live in Temple. Mrs. Logan is an active worker in the Bell County Mental Health and Mental Retardation Center in Belton.

The Cameron plant is being refurbished on the outside and being rearranged on the interior for more working space for machinery and manpower. The building has 30,000 square feet.

Logan reports that Magna-Craft will manufacture Spanish, Early American, traditional and contemporary upholstered furniture in various styles and fabrics.

"Many of the designs will feature loose pillow backs, dæron-padded cushions and exotic exposed wood frames," he emphasizes.

"A great majority of the sofas will exceed 100 inches in length and many of these will be accompanied with a correlated love seat," he notes.

## PROUD OF CAMERON

"We are proud of Cameron and enthusiastic with our opportunity to work and grow together," Logan told The Herald.

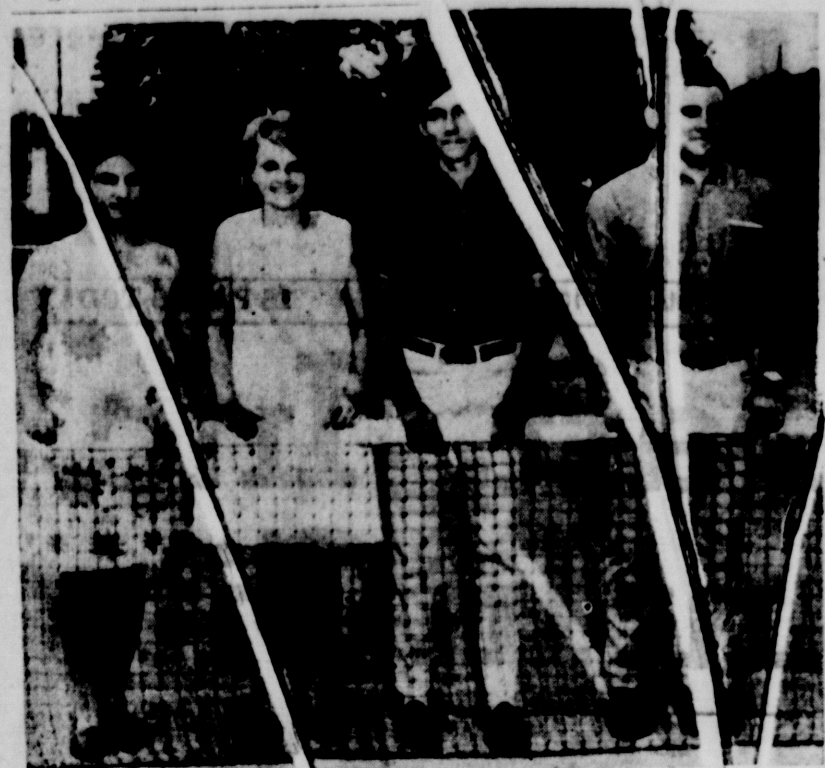

Magna-Craft's goal is "to hire and train local residents and develop highly skilled technicians that will be 'second to none' in the entire furniture industry," Logan said.

Logan says Magna-Craft chose Cameron for its "best working force available, skilled and semi-skilled, anywhere, for ideal location for receiving raw materials, availability of lumber and foam rubber in the area, for its central location to serve a seven-state area of Texas, Louisiana, Oklahoma, Arkansas, New Mexico, and others."

He emphasized that stockholders and management include men successful in the furniture business and related field who "are seeking growth potential and investment earnings."

The Magna-Craft, Inc. building, now being reworked, is leased from the McClaren Estate. It is on the east side of Milam Courthouse square.

DOUBLES contestants in district competition representing Yoe High were Sharon Nigliazzo, Janice Eickhorst, Bobby Dornier and Al Heft. The boys team placed 2nd and the girls team, 3rd.

## TP&L Will Build Southwest's Largest Steam Electric Generator

Texas Power & Light Company today announced plans to construct one of the Southwest's largest steam electric generating units at the Company's Tradinghouse Creek Steam Electric Station, about 14 miles east of Waco.

The unit, Tradinghouse No. 2, will have an estimated maximum capability of 775,000 kilowatts and will be the largest on the Company's system.

The new unit will be located adjacent to Tradinghouse No. 1, a 565,000 kilowatt unit now under construction. Construction of the new unit will begin in June, 1968, with completion scheduled for late 1971 or early 1972. T. L. Austin, Jr., TP&L president, said.

Brown & Root, Inc., of Houston is the contractor for the facility.

Like Unit No. 1, Tradinghouse No. 2 will be an outdoor-type generating unit and will feature the latest design in large steam electric generating equipment. It will use 1000-degree steam at 3500

## Food Poisoning Can Be Uninvited Guest At Summer Picnics

Food poisoning can dampen a picnic spirit quickly—and the only safeguard against it is caution.

Poisoning can be caused by handling food too much, improper cooking and leaving food exposed for several hours.

Foods prepared in advance and left outside can be infected with organisms which multiply quickly and do not affect food taste, smell or appearance.

Since you can't tell if a food is safe to eat, extra precautions are necessary. Foods most vulnerable to poisoning are potato salad, egg products, fish, ground beef, poultry, pork products, sauces, dairy products and pastries, especially custard and cream pies.

Food definitely should not be kept at room temperature more than 3 or 4 hours. It may be cooler or warmer but room temperature is critical.

Principal cause of food poisoning, staphylococcus bacteria, can be spread by unclean hands and utensils. The cook can spread the bacteria by a sneeze or cough.

Flies, which spread salmonella infection, are another major source of contamination. But when spraying for insects, be sure to cover all food and dishes.

## Chemical Council Award To Anderson

The Texas Chemical Council recognized Richard Anderson, Yoe High senior, for outstanding achievement in the fields of science and math. A Council representative presented him with an engraved slide rule at the annual school awards day assembly.

Anderson, son of Mr. and Mrs. Joe Anderson, was selected for the honor on the basis of scholarship, imagination and scientific aptitude.

FEATHERS, beads and felt combine for scout-made Indian costumes being made by Jackie Raymond, Michael Trdy, Joe Trdy and Gene Kopriya.

## Salado Art. Craft Fair June 15-16

Residents of Old Salado are busy preparing the Village Green north of Stagecoach Inn for the second annual Salado Art and Craft Fair on June 15-16. This won't be a repetition of the first county fair held in Salado in the 1870s, but it will be a repetition of last year's visit by thousands to Salado's modern version of the fair.

The 1968 Fair will include booths

where art in all media and fields, crafts, ceramics and other items may be seen and purchased, a melodrama by the Temple Civic Theatre, a concert by the Temple Boys Choir and other concerts.

Col. C. L. (Jack) Jones is general show chairman. Persons interested in reservations, exhibits or other fair information may contact him at Salado.

## Lone Star To Stock Guadalupe With Rainbows

Fishermen, and many get as big a thrill out of seeing waters stocked with fish as catching them, will have that opportunity on Memorial Day, May 30.

On that day, Lone Star Brewing Company in cooperation with the Inland Fisheries Division of the Texas Parks and Wildlife Department, will drop 7,000 mature rainbow trout in the Guadalupe River below Canyon Dam.

"We selected Memorial Day to make this rainbow trout drop because it offers a time when more men, women and youngsters can watch this exciting event, and see how it is done," said Harry Jersig, president and chairman of the board, Lone Star Brewing Co.

Jersig was among the outdoorsmen at the brewery who first saw the possibilities of the Guadalupe

as an exciting rainbow trout river, and has worked on the program since its inception. Since that time he has been named to the board of Texas Parks and Wildlife Department.

The first drop will be made at 10 a.m. in the tailrace waters just below Canyon Dam on public access lands.

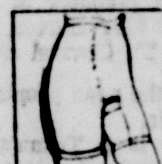

### MEAT DOLLAR

Get the most out of your meat dollar by getting acquainted with the more thrifty cuts of meat. They have the same nutrients that all meat contains and you get that good meat flavor at bargain prices.

## WITNESSES TO ATTEND SAN MARCOS MEETING

All meetings at the local Kingdom Hall of Jehovah's Witnesses located at 209 E. 22nd St. will be cancelled this week as most of the congregation prepares to leave Friday for San Marcos, where about 800 delegates are expected to attend the three-day assembly of ministers, May 31 to June 2.

Having as a theme "Strengthening One Another to Remain in Faith," the Friday night program will begin with a symposium talks in which delegates will be instructed in the art of public speaking. L. M. Dogan, of New York will direct the gathering.

## Presbyterians Seek Freedom-Of Choice On Social Questions

AUSTIN  
The Presbyterian Church U.S. in Texas voted to seek legalization of therapeutic abortion and adopted a position paper giving individuals freedom of choice about use of alcoholic beverages. The abortion and alcohol actions were among the business of the 113th annual state-level meeting which closed Thursday, May 23 in Fort Worth.

In voting to urge its communicants to seek legislation to legalize abortion, the Presbyterians set up qualifications for the proposed abortions -- when grave physical or mental risk to mother or child exists, or when pregnancy resulted from rape or incest.

The Presbyterians' stance on alcohol points out the dangers of alcoholism and drunkenness to those who imbibe, but says "A Christian must make a personal decision" about the matter. In making such a decision, he should consider the danger of alcoholism, his influence on other, perhaps weaker, persons, and be sure that his decision is not based on rebellion against authority or "unquestioning conformity to social practices or advertising."

The Synod of Texas endorsed the proposed constitution and by-laws for the Texas Conference of Churches, a new body to replace the Texas Council of Churches. They agreed to send the constitution down to six regional divisions (presbyteries) for ratification. If the Conference of Churches is approved, it will become the nation's first state-level body uniting Roman Catholic Protestant, and Orthodox churches.

## Diplomatic Pouch

WASHINGTON D.C. The following letters were recently answered by the Department of State.

**GREAT SEAL**  
We would like to produce a plaque showing both sides of the Great Seal of the United States. Questions: Is permission needed? If so, whose - and how obtained? Also: will we be required to pay a royalty, etc? If okay to print, could you help us obtain good reproduction proofs of obverse and reverse, also recommended printing ink colors by name and number?  
We await your reply with considerable interest. We believe we can turn out something appropriately beautiful, and are most anxious to do so.

J. A. E.  
New York City  
Dear Mr. J.A.E.  
You request permission to produce and sell plaques bearing the design of the Great Seal of the United States.

As the coat of arms of the United States, the Design of the Great Seal is an official emblem, mark of identification, and symbol of authority of the government. It connotes federal property, ownership, or authority, or other direct relationship to the United States Government. For this reason, the Department of State, as custodian of the Great Seal, has by long-standing policy opposed the use of the Seal device or any facsimile thereof for commercial or other non-official purposes.

**CLASSWORK ON KOREA**  
Our political science class is doing some research work in the field of foreign affairs, which we feel will help us to get a better understanding of our country's policies in this area. Among the countries I have selected for my research is Korea, which I believe your office covers.  
We are most interested in the economic and political aspects of our relations to them and theirs to us. Any materials, which you could mail, pertaining to these subjects and this area would be greatly appreciated.

C.H.  
Muskegon, Mich.

Dear Mr. C.H.:  
The Department's "Background Notes" on Korea have been updated with important changes since the March revision. Should you require more detailed information, the bibliography of the "Background Notes" should be useful. I have added to it a couple of fairly recent publications. In addition, I would recommend you write the Chase Manhattan Bank, N.A., 1 Chase Manhattan Plaza, New York, N.Y. 10015, U.S.A. asking for their pamphlet "Korea" which has an excellent section on the Korean economy.

If you have not already done so, a letter to the Korean Embassy, 2220 Massachusetts Ave., Washington, D.C. 20008, would undoubtedly produce good results.  
Do you have an inquiry? Send it to: "The Diplomatic Pouch" P MS, Room 4335, US Department of State, Washington D.C. 20520

Miss Donna Marek, bride-elect of Ricky Archer, was honored at a miscellaneous shower last Friday night by some friends at Tem- ple.

## WANTED BY THE FBI

**JAMES EARL RAY**, also known as Eric Starvo Galt, Harvey Lowmyer, John Willard, James McBride, James Walton, W. C. Herron and James O'Conner.

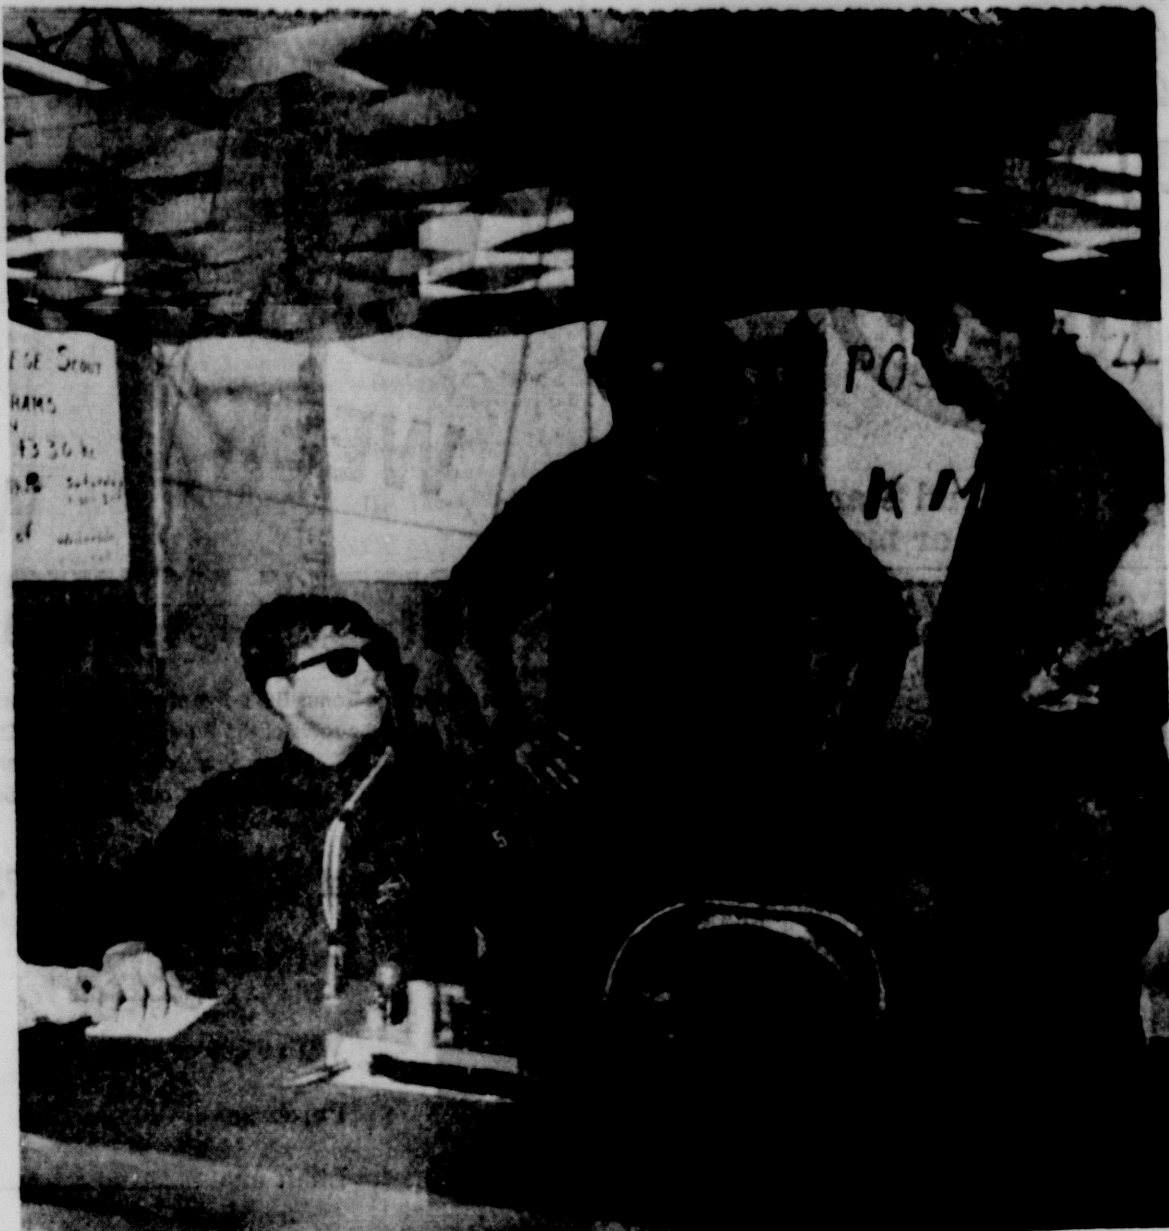

James Earl Ray, a Missouri prison escapee, sought under the alias Eric Starvo Galt in connection with the gunshot slaying of civil rights leader Dr. Martin Luther King, Jr., is one of the FBI's "Ten Most Wanted Fugitives." FBI Director J. Edgar Hoover ordered the special addition of Ray to the "Top Ten" list to insure widespread dissemination of Ray's photograph and description to speed his location.

Ray has been intensively sought since the murder of Dr. King on April 4, 1968, as he stood on the balcony of a Memphis, Tennessee, motel. An exhaustive FBI fingerprint search, comparing latent fingerprints uncovered in the Dr. King case against fingerprints of over 53,000 persons on whom wanted notices were posted, determined that Galt and Ray are identical.

A federal warrant, issued at Birmingham, Alabama, on April 17, 1968, charges Ray, under the alias of Galt, with conspiring to interfere with a Constitutional Right of a citizen. Ray, who escaped on April 23, 1967, from the Missouri State Penitentiary, is also sought for unlawful flight to avoid confinement for robbery. His long criminal record also includes convictions for burglary and forging U.S. Postal Money Orders.

A white American, born in Alton, Illinois, on March 10, 1928, Ray is 5'10" tall, weighs 163 to 174 pounds, has blue eyes and short brown hair. He has a nervous habit of tugging at an ear lobe and his left ear protrudes noticeably. Known as a "loner" and "drifter," Ray has worked as a baker, laborer and color matcher. He has taken dancing lessons and completed a course at a school of bartending.

Consider Ray armed and extremely dangerous. Report any information concerning him to the nearest FBI office.

POST 54 Explorer Scout John Hairston describes radio equipment to Bill Storey, district scouting executive and

John Clardy, council executive, Heart O' Texas Council.

### Preston Smith

Preston Smith, 56, Texas lieutenant governor in his third term, seeks to become the Democratic nominee for governor in the June 1 runoff.

He was born on a farm near Georgetown in 1912 and prides his rise "from the bottom of the heap" working his way through high school in Lamesa and college at Texas Tech in Lubbock, which is now his home and place of business.

Smith's legislative career began with election to the House of Representatives in 1944. He was elected three terms and then stepped out voluntarily. In 1956 he returned to Austin for six years as state senator from an 11-county West Texas district. In 1962, he won the Democratic nomination for lieutenant governor in a five-man race, and was elected by a 319,000-vote margin in the 1962 general election. Smith points out he polled 51 percent of the votes in the 1966 Democratic primary, biggest percentage victory in all the 1966 statewide contested races.

Smith emphasizes he avoids endorsing or opposing specific pieces of legislation in partisan or unfair manner as President of the Texas Senate. He has authored or co-authored bills in the Legislature establishing permanent building fund program for state colleges and installing the Gilmer - Aiken program to improve public schools.

"My career in public service is a personal thing with me. I'm not playing a game on anybody's team. When I think it's time to do something that's needed, I get in and do it," Smith says. He was first candidate to announce for governor in August, 1967.

Smith grew up in a family of 13 children and is married to Tina Smith, of Ralls, who also came from a large family, one of 10 children. They have one son, 26, who is married, and are affiliated with the Methodist Church, of which he is a steward in St. John's in Lubbock.

Smith's 13 years of service includes 227 days as acting governor. He emphasizes fiscal responsibility, limited terms for governor, honesty and integrity in government, and planning for better education, more industrial attraction, application or encouragement improving tourism, job training,

relations between people and officials, clean air and water, respect for law enforcement, progress in "our excellent highway system" and consideration of the question of annual or continued biennial

legislative sessions.

"Today, people have to work too hard for their money and they pay too much in taxes to have it wasted in any way by government..." he says.

### Don Yarborough

Don Yarborough, 42, a Houston attorney, and a candidate for the Democratic gubernatorial nomination a second time, says he will establish a consumer code to protect Texas shoppers and promises to create a special state agency to bring industry to small towns, if elected.

Termed by "Life" magazine as one of 100 outstanding-Americans at 38, Yarborough was selected by the magazine because of "dedication to something larger than private business... the courage to act against old problems... the boldness to try out new ideas... and a hard-bitten, undaunted hopefulness about man."

"We must have creative new programs to bring new industry and provide new job opportunities now to bolster the sagging economy of some of our small cities and provide new job opportunities for the young people and end the migration to the already crowded cities," he says. He proposed a similar attack on rural and small town problems in 1962, the year Governor John Connally won the Democratic nomination by 26,000 votes in a runoff over Yarborough.

"New industry will mean more jobs and more money to spend, and all shoppers must be protected from unscrupulous sales practices," he says, also referring to his plan for a consumer code.

A key part of his consumer protection program, Yarborough says, will be a fight for lower auto insurance rates.

He was born in New Orleans in 1925. He spent part of his boyhood on a Mississippi farm, moving to Texas with his family at 12.

He joined the Marines and at 19 was a company commander as lieutenant. Upon discharge, he earned a law degree at the University of Texas in 1950, working parttime. Yarborough was champion debater in college, in 1959 winning national Junior Chamber of Commerce "speak up contest"

in a field of 9,000 candidates. He is past president of Houston Junior Chamber of Commerce, is active in other civic and charitable work and is an Episcopalian.

Yarborough married the former Katherine Alison Edwards of Houston and they have four children. Yarborough has said the key issue in his campaign is "whether the people want to rule their state or whether the Establishment will

continue its anti-people grip on Texas."

And he says "I am the only candidate who can deliver exciting programs for Texas. The others cannot deliver because of their ties."

## "I Saw Wrinkles Vanish or Diminish in 2 Weeks"

**NEW YORK (Special):**—"Disappearance of small wrinkles was accomplished... even the very deepest wrinkles showed very great improvement." This dramatic report on the ingredients in Genava was made by a noted physician, specializing in dermatology, after tests made on a selected group of women. He saw these results with his own eyes.

With this substance new to cosmetics, named Genava, aging skin can start looking younger and younger—not older and older.

The physician also commented, "The small superficial wrinkles responded dramatically." And he adds that the skin was "more translucent and smoother in appearance."

These results are nothing short of amazing. And it took a new cosmetic compound to do it.

Developed by the trustworthy Nina laboratory, Genava is designed to be used under make-up and as a night cream. It is absorbed instantly. In two weeks time wrinkles will vanish or diminish greatly. That is the promise now made possible by Genava. Skin will become more translucent, younger-looking. Now available in selected stores—1.65 oz. \$3.50; 4 oz. \$6.00.

**DUSEK PHARMACY**

## 12,450 job hunters will find what they're looking for

### in TP&L territory

60 new industries came into the TP&L service area during 1967. When these firms are in full operation, they are expected to create approximately 12,450 new jobs.

In cooperation with local and area business-citizen organizations, TP&L's Industrial Development Division works constantly to sell industries on the advantages of coming to our area. New industries mean not only new jobs, but "new dollars" spent for homes, goods and services.

It all adds up to a more prosperous economy and the general growth of North, Central and East Texas. TP&L will continue to assist in this development in the years ahead.

## CYGON 267 stops early-season cotton insects

Only 1/2 of a pint per acre of Cygon 267 insecticide goes to work

- on contact
  - as a residual on foliage
  - systemically inside the plant
- to control cotton thrips, aphids and mites. In Texas and Oklahoma, Cygon 267 is also accepted for control of fleahoppers. Control lasts twice as long as other spray materials—for less than 85¢ per acre!
- This year, be sure your cotton
- gets off to a fast start
  - fruits sooner
  - produces a larger, higher quality, early yield.

The Cameron Herald

... "the supreme test of good journalism is the measure of its public service."  
—Walter Williams, Founder  
School of Journalism  
University of Missouri

A Milam Newspaper Since 1860  
108 E. FIRST STREET  
Cameron, Texas 76520  
Frank M. Luecke, Editor

BEN MILAM STATUE Frank M. Luecke and Don Scarbrough, publishers

ALL DEPARTMENTS: A.C. 817 697-4671  
Entered as second-class matter at the Post Office in Cameron, Texas, under the Act of Congress of March 1, 1879, Published every Thursday.

Welcome, Magna-Craft, Inc.

Not often is it a town's opportunity to welcome two industries within a few months, but Magna-Craft, Inc., gives Cameron that chance.  
Magna-Craft will manufacture chairs, we understand. And it is an investment by men primarily from Temple.  
We welcome the confidence of Clifford Logan, the new firm president and his directors and officers, in the Milam County seat.  
The new company will occupy the

former McLane Company, wholesale grocers bldg., vacant more than two years.  
We are confident it goes double for everyone in Cameron, for those potential local employees and new management moving here, that Cameron sincerely welcomes this confidence, which bolsters, once again, the concerted drive that is the new direction for this historic town.

A Contest Partly Ours...

Texans vote a lot.  
And we are asked to vote once again in the runoff Democratic Primary Saturday in which Preston Smith and Don Yarborough are vying for the Democratic nomination, tantamount to election as Texas' governor.  
Milam County voters turned out more than 5300 in the May Democratic Primary, and about 100 more in the American and Republican Party primaries.  
That is a relative small percentage of the 9600 plus who registered in Milam County, about 56 percent.  
Point is our government process is important and viable to the most people only when most people vote. And they despite the fact more than 50% did in May, usually don't in a second primary.  
If you want to help name the candidate, vote Saturday. You have little room to complain about the outcome if you don't vote.  
In fact the whole point of a free registration is lost in a poor vote. And all the clamor about representative government is lost.  
If we want to help choose a governor, we must vote Saturday. And after-ward, we have the satisfaction that the choice or the race was partly ours.

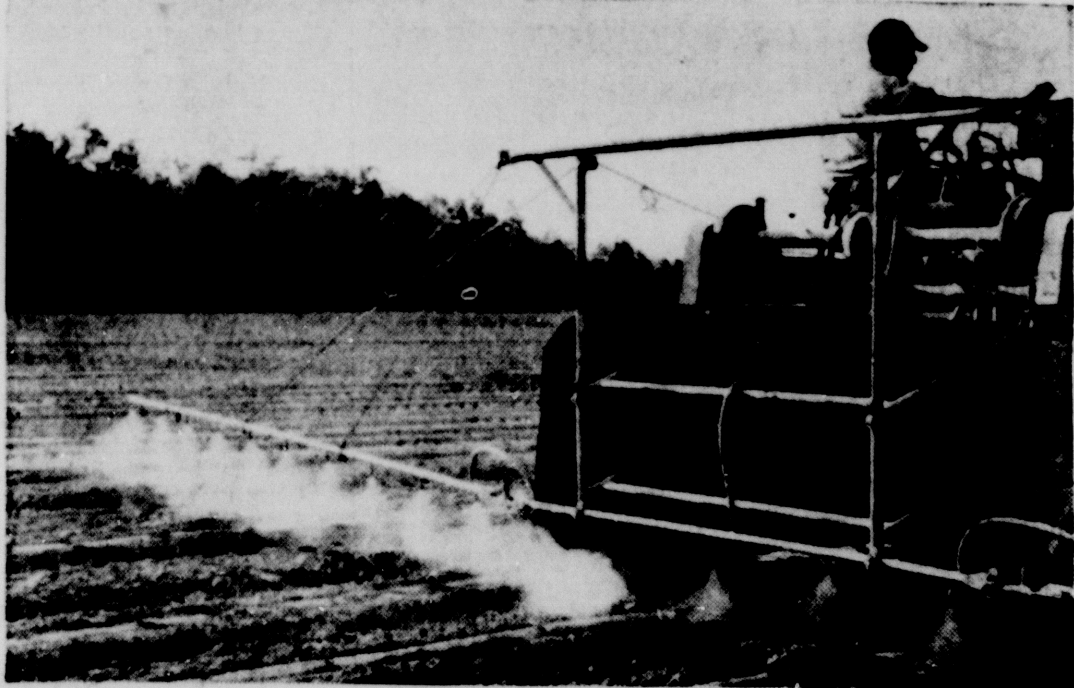

former McLane Company, wholesale grocers bldg., vacant more than two years.  
We are confident it goes double for everyone in Cameron, for those potential local employees and new management moving here, that Cameron sincerely welcomes this confidence, which bolsters, once again, the concerted drive that is the new direction for this historic town.

Houston 1st National Appoints McCollum Assistant Cashier

The Board of Directors of First City National Bank of Houston has elected Jack C. McCollum to the title of Assistant Cashier. He becomes the youngest officer at First City, the largest bank in Houston, third largest in Texas.

and 38th in the United States.  
Before joining First City in 1963, McCollum was employed by the Citizens National Bank in Cameron, and the Citizens National Bank of Waco.  
After graduation from Rosebud High School in 1960, McCollum attended Baylor University and the University of Houston. He is presently manager of computer operations at First City, heading a staff of 44 electronic data processing specialists.

PREDATOR INSECTS  
Bollworms and tobacco budworms in cotton may be more resistant to available insecticides these days, but they are no match for one of nature's equalizers - the larva of the green lacewing, a natural predator.  
ATTEND BALLET  
Miss Mildred Thornton and Mrs. Perry Holder attended the final performance of the ballet at Jones Hall in Houston last weekend.

Spray Bidrin to stop the insects that damage cotton during the critical early weeks.

Bidrin® Insecticide makes it easy to be sure of your insect control during the time when damage by thrips, aphids, fleahoppers and other pests results in spotty stands, and the growth slowdowns that actually delay maturity of the crop.  
Unlike the soil insecticides, Bidrin meets the problem head on. You spray it when you know you've got a stand, and when you see the need for insect control. With Bidrin you're in control of the timing, the insects and your insecticide investment.

Rely on Bidrin, first for powerful contact control of insects on your cotton when you spray. Then weather-proof, systemic control (from the same application) that keeps the crop protected for up to 21 days.  
We have Bidrin in quart and gallon sizes. Call us today.

Dateline Austin...

Saturday's Runoff Begins Busy Month For Capitol

By Vern Sanford

AUSTIN  
Your Capitol is bursting with life on the eve of the most significant political and governmental events — the June 1 runoff election, the June 4 beginning of a special session of the Legislature, and the June 11 conventions of State Democratic and Republican parties.  
Although there are 15 runoffs in Legislative races to be decided Saturday, the main bout, of course, is that between Lt. Gov. Preston Smith and Houston Attorney Don Yarborough.  
Probably no more than a million voters will decide whether moderate - conservative Smith or liberal Yarborough will be the Democratic nominee for governor.  
Each is reaching for the other's voter potential. Smith boasts of his 18 years' governmental experience; Yarborough, without governmental experience, urges his own "fresh approach" and "constructive programs," including lower auto insurance rates and consumer protection.  
Even name identification — usually considered the wellspring of political success — won't be the deciding factor between these two. Both men have been in statewide races nearly a decade and are well-known names on the ballot.  
Incidentally, the winner may find surprisingly tough opposition in November from Republican nominee Paul Eggers of Wichita Falls.  
Regardless of whether Smith, Yarborough — or Eggers — is the next governor, the battleworn Democratic legislative presiding officers, Lt. Gov.-nominee Ben Barnes in the Senate and Speaker-to-be Gus Mutscher of Brenham in the House, will be powerful figures to be reckoned with. Barnes admittedly aspires to higher office and Mutscher reportedly is interested in a long tenure in the House.  
LEGISLATIVE RACES  
There are few district races on the June 1 ballot and no other statewide contests. However, as far as professional politicians go, the legislative races are very significant, especially where incumbents are concerned. This because "lame ducks" often vote differently from those re-elected.  
Many eyes will be on the races between Sen. Bruce Reagan and Rep. Ronald Bridges of Corpus Christi, for the State Senate seat for that area; Rep. John E. Blaine versus Ramon Ramos of El Paso; Rep. J. E. Miller of Burkeville versus Don Adams; Rep. Bob Hendricks versus former Rep. Bill Dungan of McKinney.  
Other runoffs involve top vote getters in local races where incumbents lost altogether or were not running for re-election.  
LIQUOR LEGISLATION DUE  
Gov. John Connally's June 4 special session of the Legislature almost certainly will come to grips with important liquor legislation, probably including a mixed-drinks bill.  
A House study committee's report on how to improve present statutes has been promised before the special session begins. Rep. R. H. Cory of Victoria, chairman of the panel, and House Speaker Ben Barnes have indicated the report will contain major, controversial recommendations.  
Results of the investigation made

by Atty. Gen. Crawford Martin — and his recommendations — also are due by June 4.  
Connally has strongly indicated he will urge the lawmakers to come up with a mixed-drinks bill as a part of his tax program. Observers believe that, instead of a straight booze over the bar measure, he will ask for legislation permitting the sale of liquor in small, one drink sized bottles on a local option basis. This would mean that, if the bill passes, Texans still will have to mix their own but at least they won't have to bring their own bottles.  
STATE CONVENTIONS  
Every even-numbered year state political parties hold two conventions. In presidential election years the June convention, customarily, is called "the presidential convention," and the September convention is known as "the governor's convention."  
This year since the big issue in the State Democratic convention in Dallas on June 11 will be whether Gov. Connally is picked as the "favorite son," both Democratic party conventions will be "governor's conventions." If Connally is chosen as "favorite son," the first vote of the Texas delegation at the national convention in Chicago will go to Connally, the second to whomever he likes of the major candidates — probably Hubert Humphrey.  
Republicans, who will hold their convention in Corpus Christi on June 11, doubtless will pick US Sen. John Tower as their "favorite son." State GOP Chairman Peter O'Donnell of Dallas, and other southern GOP chairmen, met in New Orleans with hopefuls Gov. Ronald Reagan and Gov. Nelson Rockefeller. But O'Donnell is not expected to talk about a second-ballot alternative to Senator Tower until he has conferred with Richard Nixon, and considered results of talks with all three.  
PORNOGRAPHY WAR  
Attorney General Martin has mapped a drive against "lewd" movies and pornographic literature.  
His office has received frequent complaints about circulation of obscenity, so he will ask the Legislature to tighten its control laws.  
Specifically, Martin said he will ask for repeal of a portion of the penal code which exempts from control foreign films and movies that are in interstate commerce. Many of the complaints he receives concern pornography originating in Mexico and other foreign countries.  
Martin also will seek legislation to include the attorney general among those granted authority to enforce the law by civil injunction. He criticized US Supreme Court decisions as having "torn down virtually all standards in judging pornographic materials."  
SALES TAX  
Board members of the Texas Municipal League will meet at El Paso on June 6. They are expected to discuss Governor Connally's plan to abolish the city sales tax.  
Connally's plan would raise the state sales tax from two to three percent and funnel part of this money back to incorporated cities.  
There is a difference of opinion among legal experts on the constitutionality of such a plan. Texas' Constitution may forbid the state

from giving money to municipalities when there is no return to the state. Governor's advisors apparently feel the courts would be hesitant to deny funds to the state and cities with both in dire need.  
Still, the sales tax change is quite likely to be sent to the Legislature when it convenes in special session next Tuesday.  
ATTORNEY GENERAL RULES  
School districts are not authorized to issue time warrants for the purpose of purchasing unimproved land only. So held Attorney General Martin in a recent opinion. However, he stated that warrants can be issued to purchase school buildings and equipment.  
State officials may be reimbursed by the government for expenses incurred in delivery of veterans land bonds to out-of-state banks, said Martin in another opinion.

Your Serviceman

VIETNAM  
Earnest R. Moore, 27, son of Mr. and Mrs. Douglas Moore of Cameron, was promoted to Army captain May 5 in Vietnam, while serving with the 580th Telephone Operations Company.  
Capt. Moore, operations officer of the company, entered the Army in July 1962, completed basic training at Ft. Polk, La., and was stationed at Ft. Gordon, Ga., before arriving overseas in April 1967. He holds the Bronze Star Medal and the Air Medal.  
The captain, whose wife, Joyce, lives at Houston, graduated in 1958 from O. J. Thomas High School and attended Prairie View A&M College.

GREENHOUSE SHORTCOURSE  
On June 24 and 25, the Texas Greenhouse Vegetable Growers Council will hold its annual meeting and short course at Texas A&M University. New developments in greenhouse tomato production will be emphasized.

OLD PHILOSOPHER

Dear editor:  
A lot of people say the pioneering spirit is dead in America and the rest of the world but I don't agree and would like to prove it.  
According to an article I read on the sports page of a newspaper I found caught on the same clump of weeds in my front yard I found one on week before last, more and more sports promoters are turning to artificial grass for football fields, baseball diamonds, race tracks, tennis courts, golf greens, etc. Even the track events in the Olympic Games in Mexico

Computers Train Delinquents For Productive Lives

GATESVILLE  
Computers, valued for their use in solving business and scientific problems, are now being used to tackle one of society's most challenging problems: rehabilitating the young social dropout.  
To help prepare juvenile delinquents for productive lives, the Texas Youth Council, which operates the state's training schools for delinquent children, is taking selected institutionalized youths and turning them into highly trained programmers and computer operators.  
Dr. James A. Turman, executive director of the Texas Youth Council, said the program is unique and that there are no comparable programs anywhere in the world.  
"This is the only data processing program of its kind for delinquent children," Dr. Turman said. He added that in the two years the computer course has been operating, it has proved highly effective.  
The program, developed and supervised by Texas A&M University, is no mere introduction to computers, according to Bennett Z. Kennedy, data processing instructor at Gatesville. Computer Science students at the two Gatesville campuses — Mountain View and Live Oak — spend three hours a day, five days each week in classrooms outfitted with IBM systems.  
The program began as an experiment using two IBM 1401 computers, but the results have been so encouraging that the Youth Council is updating the present equipment with two of IBM's most sophisticated computers: the 1130 computing system and a System 360 Model 20.  
One unit will be installed at the Mountain View campus and the other at Live Oak, Kennedy said the two will be interconnected, permitting students at each campus to prepare and solve problems on both machines.  
In class, the high school-age youths learn computers from basic theory through the handling of business operations. The complete program takes about a year and a half.

this year will be run on the stuff. They say the man-made carpet is better than grass and you don't have to mow or water it.  
I've been thinking. Why wouldn't it work on home lawns?  
I know it's a high-tone custom from the homes of Cameron to the ancient grounds of Buckingham Palace to have a neatly-mowed lawn from early spring to the first frost in the fall, and the hum of lawnmowers in the late afternoons and on weekends can be heard around the world. You might say pride goeth before a lawnmower.  
But if a man could attain the same neat look with a carpet of man-made grass cut to fit his front yard, eliminating all need for fertilizer, crab-grass pulling, mowing, weed control, and watering, wouldn't his yard look just as civilized as the rest?  
The only way to find out is to try it. If the makers of this artificial grass will come out here to this Johnson grass farm and measure my front yard and cut me out a section and lay it for me, I'll pioneer the new idea and see how it comes out. I'll test neighbor reaction.  
If people say, "Look at his yard, hasn't he got a pretty lawn, he must be mighty energetic, keeping it that trim all the time, why it's green even in the winter time," and if it turns out that cows won't graze on it and I don't have to fool with keeping up a fence, then it'll open up a brand new industry. There must be hundreds of millions of square yards of lawns in the world.  
This will work a hardship on the lawnmower manufacturers, but did automobile makers hold back to protect the lively stable people? Did the students in Paris pay any attention to De Gaulle?  
Yours faithfully,  
J.A.

GRAPEFRUIT GARNISH

Tart grapefruit is a delicious complement to bland fish flavor. Broil fresh or frozen fish fillets as usual. Three minutes before the fish is done, place a few grapefruit sections on top of each fillet, brush with butter and broil until grapefruit is heated.

ADAMS IN ENGLAND

Mr. and Mrs. Edwin Adams of Houston (he is the son of Mr. and Mrs. Edwin Adams of Buckholts) vacationed in England in May, visiting Mrs. Adams' family.

WANTED...

10 HOMES THAT ARE IN NEED OF PAINTING

Georgetown: Home owners in this general area will be given an opportunity of having the B. F. Goodrich Geon Exterior Wall Paneling applied to their homes at a very low cost. It will be of special interest to home owners who are fed up with constant painting and other maintenance cost. This new space age material, developed by B. F. Goodrich after 20 years of testing and research, is especially recommended for us in Texas climate and is now being introduced to the public. It carries a lifetime guarantee in writing and provides excellent insulation both summer and winter, thereby lowering the cost of air conditioning and heating. It is not subject to damage by hail or other elements of the weather. The new product can be used over every type home, including frame, asbestos, stucco, brick, etc. Home owners who act now will save substantially over those who delay to take advantage of this offer. Please call Ace Construction Company in Killeen at ME 4-5566 and ask for Mr. Charming. An appointment will be made to see your home without any obligation. Out of town owners call "Collect". All types of financing are available. Please act at once.

The Cameron Herald

Announcing THE SALE OF MY TEXACO SERVICE STATION

On the Corner of 4th and Fannin to  
MR. KENNETH THWEATT

Of Maysfield and Cameron

The same staff will continue to serve you... We urge our old patrons as well as new ones to drop by and visit with Mr. Thweatt. I also wish to express my appreciation to the public for their patronage for the past 12 1/2 years.

Edison Fikes

Clarkson

By Mrs. J. A. Blasienz

Mrs. Amos Doskocil and her daughter and family, Mr. and Mrs. Bruno Kalfus and children of Colorado City were guests of Mr. and Mrs. Leonard Doskocil and children in Ben Arnold Sunday.

Guests of Mr. and Mrs. Cullen White have been her sister and husband, Mr. and Mrs. L. L. Follis of Pasadena, Donald Ray White of Porter, and Tom Tholen of Cypress.

Mr. and Mrs. Otto Mayer and sons, Jerry and Terry attended the baccalaureate services for the graduates Sunday at Yoe High Field. Jerry was among the 73 graduating from Yoe High Tuesday night.

Mrs. Joe Hawk celebrated her birthday with a dinner at the lake Sunday, May 19. Her guests were her children, Mr. and Mrs. Billy Hawk, Victor, Joe, Phyllis and Jimmy Hawk, Mr. and Mrs. Buckholts, Mr. and Mrs. Paul Hawk and Paul Roy of Bryan, Mr. and Mrs. V. W. Hawk and children, Marilyn, Larry, Polly and Donnie of Clarkson and her mother, Mrs. T. W. Garrett, Bobby Garrett and a friend from Bryan.

Thomas Neal Combs, grandson-in-law of Mrs. J. A. Blasienz, graduated Cum Laude from SMU School of Law Sunday.

He and Mrs. Combs, the former Dorothy Bell, will be moving to Washington D.C. in the near future where he will be with the law firm of Alston, Miller and Gains.

Mrs. Blasienz and Mrs. B. B. Mays of Temple were visiting Mr. and Mrs. D. D. Harrison and Jerry in Dallas. They all attended the commencement exercises and conferring of degrees held in the Moody Coliseum.

LEGAL NOTICE

NOTICE OF HEARING

In the Matter of Cancelling Permit No. 1206 of H. P. Culpepper To Appropriate Public Water

By virtue of the authority vested by law in the Texas Water Rights Commission, notice is hereby given that a hearing will be held in the office of the Commission in the Sam Houston State Office Building, Austin, Texas, beginning at 2:00 p.m., on July 16, 1968, in the matter of cancelling, in whole or in part: Permit No. 1206 of H. P. Culpepper which authorizes the diversion of 413 acre-feet of water per annum from Little River, tributary of Brazos River, Brazos River Watershed, for the purpose of irrigating 206 acres of land in Milam County, Texas.

All affected parties are directed to appear and show cause, if any, why the water right listed above should not be cancelled.

Given under and by virtue of an order of the Texas Water Rights Commission on May 27, 1968.

s Joe D. Carter, Chairman

# Except The LORD Build The HOUSE They Labor In Vain That Build It

## fundamental belief in GOD

Dreamed of by millions, searched for by many, discovered by a few  
Established, built, maintained and governed by a Fundamental Belief in God;  
That is America — these United States, our home, if you please, it is you and me. How else could the heritage we hold come to be? A system? Not so! But surely it is a dedicated, consecrated way of life as set forth in the Sermon on the Mount.  
And through the grief and misery suffered at Valley Forge, shines the same light which has illuminated men's minds since time began.  
That same light, the light of Faith, found in the holy word of God, is now lighting and showing the way, the way of truth to us as a nation and as individuals.  
And just so long as we, each of us each day, rededicate our lives to a Fundamental Belief in God can we endure.

"Oh, Come, Let Us Sing Unto The Lord,"—For There Is No Variableness In God's Cause Nor In His Justice . . . Then Come, Let Us Attend Our Church Or Synagogue This Week . . . This Word Of Invitation From Sponsors Of This Spiritual Values Page.

# COLORING FUN

# TINY'S RAINY DAY GAME

Make five cards and number them

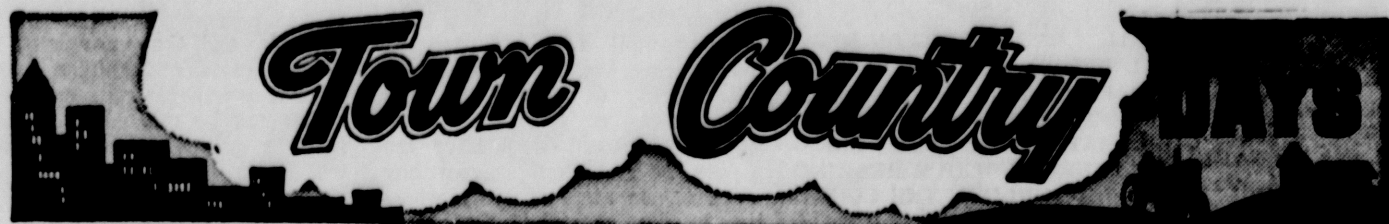

1 2 3 4 5

Put the cards in a hat or box and give each player an ordinary button.  
Without looking at the cards, the first player draws a card and moves  
his button the number of spaces written on the card.

**RULES:** If a player lands on a space that already has a button, he must return to his last space and miss that turn.  
If a player lands on a space having a penalty, he must do the penalty and miss his next turn.  
If a player lands on a grey space, he must move ahead one space.  
The first player to reach FINISH is the winner.

## County Agent's Notes...

## Rains Damage County Cotton

By J. D. Moore

Many fields of cotton were replanted and reduced plant population was observed in other fields due to loss of plants as a result of high wind and rains. Milam County has already received more than 20 inches of rainfall during the first 4½ months of 1968.

Much of the seedling plant damage was caused by the high winds that accompanied the heavy rainfall. As the plants were blown over and came in contact with the chemically treated soil, the driving rains left a deposit of soil and chemicals on the seedling leaves of the cotton plants. This condition killed a number of plants and in other cases plant damage occurred as a result of the loss of leaves.

Most of the cotton fields will overcome this damage with sunshine and favorable cotton growing weather. According to the local ASCS office figures, we expect to have around 30,000 acres of cotton planted in Milam County in 1968.

**BAGWORMS ON EVERGREENS**

These pests are not usually observed until damage has already occurred. These "decorative" little bags appear on cedars, junipers and arborvitae as the small worms feed on the plants and at the same time build a covering around themselves out of bits of leaves and stems from the plant. This is nature's way of protecting the worms.

To control bagworms spray the tree or plant with sevin, toxaphene, guthion or malathion now. The worms are easier to control while they are young and are feeding more on the foliage.

Cut hay crops early for quality hay and use a hay conditioner.

advises forage specialist at A&M. Young plants are tender and highly digestible while old plants are stemmy and tough.

Shade is important for dairy cows according to research workers. High summer temperatures reduce production and lower conception rate. These researchers suggest that dairymen should provide plenty of good shade for his milking herd including providing sufficient space for each animal. Anything, they suggest, that can be done to keep down the body temperature will prove most beneficial.

In addition to adequate shade, they suggest reducing the intake of roughage to about 1 pound per hundred pounds of body weight and increasing the grain intake.

### WEED CONTROL

Postemergence weed control in cotton is more positive than pre-emergence. It is used from the time cotton emerges until layby time. Application of postemergence herbicides and mechanical methods can drastically reduce or eliminate hand hoeing. Most treatments work best when weeds and grass are less than 2 inches tall and will usually do a better job when the weather is warm.

### SCREW WORM INCREASE

Livestock producers are again reminded of the importance of checking stock for any wounds and treating them immediately. They are also advised to take worm samples from wounds and send them to the Mission Lab for positive identification.

## Program Underway To Boost Area Production Of Guar Beans

ROSEBUD

A program is underway in this area to interest farmers in producing guar, a drought resistant summer legume cash crop. John W. Stewart, field representative for General Mills guar plant in Kenedy was in Rosebud May 22 consulting with Joe Tate of SCS and contacting farmers in the area to interest them in guar.

Guar offers a substantial cash market for bean production, with progressively expanding demands for industrial processing. Marketing of bean production is through established grain firms in the producing areas.

Guar is a qualified "alternate crop" or "substitute crop". Under government programs, guar can be planted and harvested from a portion of a farmer's diverted acres, but adjustment in program payments will be made. Farmers should be sure to check with his ASCS office on regulations involved.

Not only does guar present good earning potential from the sale of beans, but it is also considered an excellent land improvement crop. It fits well into a crop rotation program. It is a deep rooted summer legume and cover crop and an excellent soil builder. It works well in rotations with cotton, corn, grain sorghums, and winter grains.

Increased yields can be expected from crops following guar because of increased soil fertility and improved soil structure.

The guar plant in Kenedy was established in 1952 and operates on a year-round basis. Not enough of the beans are produced in Texas and Oklahoma, so that some are imported each year from Pakistan and India. The Kenedy plant extracts vegetable gum from the beans. The gum is used in a number of industrial processes.

The major production recovery from guar bean processing is a 5 percent guar meal protein supplement feed widely used by cattle feeders and feed manufacturers in Texas.

Farmers in the area who plant guar can expect yields up to 1200 pounds an acre providing moisture is ample to grow the crop. The beans will sell for \$4.25 a hundred, FOB, Kenedy, Grade 1. Black's Farm Supply Co. of Zabcikville is the buyer in this area.

Stewart said that one of the principal reasons guar has failed to produce sufficient beans in this area is lack of proper cultivation for weed control. Guar should be planted in May or early June, four or five pounds an acre, using Milo type plates, plugged for proper spacing, and five to six stalks in 12-inch space.

The guar plant grows about 3 to 4 feet tall, and the beans are harvested with a standard grain combine. Brooks Variety is best for this area and grows like a stalk of cotton, full of limbs, branches, and beans, and has produced over 1500 pounds an acre.

By Mrs. H. H. Linke

William Stigall went to Houston over the weekend to meet his wife's plane as she returned from Lancaster, California where she has been for the past two months visiting with her son and daughter-in-law, Zane and Betty Stigall, and her first granddaughter.

Visiting with Mr. and Mrs. Ralph Heisch Monday and Tuesday were their niece and her son, Mrs. W. E. Craft and Tony. Mrs. Craft lives in Galveston and Tony is in the US Navy. He is on a 15-day leave before going to Vietnam.

Mrs. F. W. Worley accompanied Mr. and Mrs. H. D. Kay to College Station Saturday to attend the graduation exercises at A&M College. Her grandson, Boyd Cherry, son of Mr. and Mrs. F. P. Cherry, was among the graduates.

Mr. and Mrs. Bobby Evans and Travis of Houston were weekend guests of their parents, Mr. and Mrs. Pat Evans and Mr. and Mrs. Jim Stewart.

Weekend guests of Mrs. Bill Clark were Mr. and Mrs. Gus Clark and John of Houston.

Mrs. Joe Yeager is a patient in Johns Hospital in Taylor as of last Thursday.

Mr. and Mrs. Buddy Limmer were in Taylor Sunday to visit her parents, Mr. and Mrs. John Roepke. Mr. Roepke has been ill all week and is still very ill.

Weekend guests of Mr. and Mrs. Ralph Heisch were their children and grandchildren, Mr. and Mrs. Ralph Paul Heisch, Linda and Dale of Bellville.

Mrs. Darrell Conn returned home from Scott and White Hospital Friday after having surgery last week and is improving daily.

Rev. Dean Farmer of Fort Worth has been called as pastor of the San Gabriel Baptist Church and he and his wife and one-year-old daughter will move into the church parsonage the last of June. Until that time they will be here on weekends.

Visiting Mr. and Mrs. Jess Wilson Friday and Saturday were Mrs. Eva Wilson and son, Edd Wilson of Port Arthur. Rev. and Mrs. Buddy Wilson of Riviera came Sunday to visit a few days with his parents.

Nancy Camp is spending this week at home with her parents, Mr. and Mrs. Ike Camp before returning to Baylor University where she is a senior student.

### RECEIVES BS ED DEGREE

Geneva Cobb, daughter of Jesse R. Cobb of Rt. 1, Rogers received her BS degree in education May 20 at Abilene Christian College's spring commencement exercises.

## ASCS

By Alva E. Sanders

Cotton growers in Milam County have failed to approve transfer of 1969 upland cotton allotments out of the county.

Voting on the question took place in a mail referendum during the period May 13 through May 17. The transfers were disapproved by 76 percent of the producers voting. That is, 76 percent were against transfers outside of the county while 24 percent voted for the out of county transfers. A two-thirds affirmative vote was required to make the provision effective.

This means that the transfer of the 1969 upland cotton allotments in Milam County by sale or lease may be made from one farm to another only within the county. Allotments may be transferred into this county by sale or lease from other counties in the State where growers have voted to permit such transfers.

The transfer of allotments within the county is not affected by the recent vote; this is already authorized by law. Neither does the vote affect transfers of allotments from one farm to another owned by the same person, which can be made across county lines within the State. In no case, however, may transfers be made outside the State.

Growers are reminded that applications for all transfers of cotton allotments for the 1969 upland cotton crop will need to be filed with the ASCS County Committee no later than a deadline to be announced later.

## Auction Report—

There were 525 cattle and 269 hogs consigned to the Cameron livestock auction Thursday, according to auction barn reports. Prices paid were:

STEERS: G&C Fed Steers	24.00	26.00

Dorothy Marie Johnson of Cameron and Martha D. Chaney of Rockdale are members of the 1968 graduating class of Mary Hardin-Baylor College in Belton. Commencement exercises were held in Walton Chapel on the college campus May 19.

## No Fishing License?

### Better Use Cane Pole

"Failure to produce a valid fishing license," is the largest single charge made by game management officers according to Robert G. Mauermann, deputy director of the Texas Parks and Wildlife Department.

"The offenses do not make sense," says Mauermann. "The license only costs \$2.15 and allows the fisherman to drop a hook almost any place in the State."

"On the other hand, if the fisherman is caught without a license, the fine is from \$10 to \$100," he says.

The only exception to the fishing license law is the fisherman fishing with a pole with no winding device fishing in the county of his residence. Persons fishing with a rod and reel in or out of the county of his residence must have a fishing license to be within the law. Persons over 65 or under 17 years of age are also exempt from the license requirement.

### CATTLE ON FEED

There were 726,000 head of cattle and calves on feed for slaughter market in Texas on May 1. The figure is up 23 percent from a year ago but 5 percent below a month ago.

### CO-OPS INCREASE BUSINESS

Thirty-two percent of the nation's farmer cooperatives had gross business of \$1 million or more in 1965-66, up 27 percent from 1961-62 when the last survey was made.

## WHY BUY IH PARTS?

- Built-in quality—IH parts are manufactured to the same specifications as the original parts.
- Design improvements—only IH parts incorporate the latest design and materials improvements.

Keen Competition For Summer Jobs Seen By A&M Specialist

COLLEGE STATION  
If you are a college or high school student and want a summer job, apply immediately. Competition for summer jobs will be keen. About 300,000 more young people aged 16 through 21 will be looking for work this summer than a year ago, the Bureau of Labor Statistics estimates. In all, there will be 2.8 million new workers, and of these about 2.8 million want summer jobs - much scarcer than full-time positions, according to

Visitors at Sunday morning church services were: Mr. Pool Jamison and Sally, Mr. and Mrs. Owens, Mrs. Willis Looney and Kay, and Bubba Florida. Peggy Thweatt attended the party given in honor of Vicki Kuhn at Simon George Hall Saturday night. Mr. Pool Jamison and Sally of Freeport spent the weekend with the Hope Jamisons. Bubba Florida of Baytown is visiting his grandparents, Mr. and Mrs. Verne Pentecost. Mr. and Mrs. Jimmy Burgess and daughter of Rockdale visited Mr. and Mrs. Harry White Saturday. Mrs. Luther Todd was home over the weekend. She will finish her year's work to be home for the summer after the 30th. Mr. and Mrs. Walter Senkel visited Mr. and Mrs. Adolph Stoeber of Travis Sunday. Rev. and Mrs. Ben Curtis were Sunday dinner guests of Mr. and Mrs. Willie Burnett.

Drownings High Early In Year

AUSTIN  
Drownings in Texas have already reached 123 this year, according to Bob Mauermann, deputy director of the Texas Parks and Wildlife Department. "Our unofficial total for last year was 317, and we have way over a third of that now with the major portion of the water recreation season ahead of us," he said. According to Mauermann, many of the accidents involving boats are due to a violation of the Texas Water Safety Act, specifically, failure to have one Coast Guard approved life saving device aboard the boat for each person. "Boaters are betting their lives that they won't need one, and it's a bad bet," he said. Approximately one-third of the drownings which have occurred this year could have been prevented if boaters had complied with either the letter or the spirit of the law, says Mauermann. "The law says that there must be one of the devices on board for each person, but if they are not worn or readily accessible, their purpose is defeated." The second single biggest cause of drownings, says Mauermann, is children being left unattended near water. Twenty-five children, ages 10 and under, have drowned this year in drainage ditches, farm ponds, fish ponds and private swimming pools. "Any body of water is an attraction to a child. We compile statistics in line with our enforcement of the Texas Water Safety Act, but in our research we can't help but take notice of the re-occurring tragedy of small children drowning," said Mauermann. "Special care should be taken when this danger is present."

Legal Notice

NOTICE OF HEARING ON SPECIAL BENEFITS TO BE RECEIVED FROM PROPOSED STREET IMPROVEMENTS, AND ON OTHER MATTERS WITH REFERENCE THERETO, WHICH HEARING IS TO BE HELD IN THE COURTROOM OF THE 20TH JUDICIAL DISTRICT COURT, MILAM COUNTY COURTHOUSE, CAMERON, TEXAS, BEGINNING AT 10:00 A.M., ON THE 10TH DAY OF JUNE, 1968.

To all Owners and to all Persons owning or claiming any interest in or lien upon any property abutting on the streets or avenues or portions thereof of the City of Cameron, Texas hereinafter named, within the limits hereinafter set forth, and to all other interested parties and to their agents and Attorneys (including the Owners and all Persons owning or claiming any interest in or lien upon any property lying outside or partially outside the City Limits of Said City, which property abuts any of such Streets, Avenues or portions thereof within the limits hereinafter set forth at a point where a part of the Boundary of the City of Cameron is upon or along such Street or Avenue, regardless of whether such Street or Avenue at that point lies wholly within, partially within and partially without, or wholly outside the City of Cameron, and to all Other Parties interested in any of such Properties, including their Agents and Attorneys) and to all Railways owning or claiming any interest in or lien upon any such abutting properties, and including the Owners of any such Railways; and to all Railways using, occupying or crossing any of such Streets or Avenues, or portions thereof to be improved, and to all Owners and all Persons claiming any interest in any of such Railways, and to their Agents and Attorneys:

YOU ARE HEREBY NOTIFIED that the City Council of the City of Cameron, Texas has determined the necessity for and ordered the improvement of certain streets and avenues or portions thereof hereinafter described within the limits hereinafter defined, the nature of which improvements is herein generally set forth; and that said City Council has approved and adopted the estimate, statement and report of the City's Engineer and has taken other proceedings with reference to the making of such improvements, all of which are of record in the Minutes of said City Council, and has by ordinance ordered that a hearing be held, and notice thereof given: NOW THEREFORE, PURSUANT TO SAID PROCEEDINGS AND SUCH ORDINANCE, NOTICE IS HEREBY GIVEN

I That a hearing shall be given to the owners and to all persons owning or claiming any interest in or lien upon any property abutting the streets and avenues or portions thereof of the City of Cameron, Texas hereinafter named, within the limits hereinafter set forth (including all railways owning or claiming any interest in or lien upon any such abutting properties, and including the owners of any such railways), and including all railways using, occupying or crossing any of such streets or avenues, and all persons claiming any interest in any of such railways, and their agents and attorneys (including the owners and all persons owning or claiming any interest in or lien upon any property lying outside or partially outside the city limits of said City, which property abuts any of such streets or avenues or portions thereof within the limits hereinafter set forth at a point where a part of the boundary of the City of Cameron is upon or along such street or avenue, regardless of whether such street or avenue at that point lies wholly within, partially within and partly without or wholly outside the City of Cameron, and all other parties interested in any of such properties, including their agents and attorneys), before the City Council of the City of Cameron, Texas, which hearing shall begin on the 10th day of June, 1968, at 10:00 o'clock A.M., and shall be held in the Courtroom of the 20th Judicial District Court, Milam County Courthouse, Cameron, Texas, at which hearing all of said owners and other interested parties, their agents or attorneys, and all of said railways and the owners thereof, their agents or attorneys, shall have the right to be heard on any matter as to which hearing is a constitutional prerequisite to the validity of any assessment sought to be imposed and to contest the amounts of the proposed assessments, the lien and liability thereof, the special benefits to the abutting properties and the owners thereof by means of the improvements for which all of such assessments are to be levied, the accuracy, sufficiency, regularity and validity of the proceedings and contract in connection with any such improvements and proposed assessments, or concerning any matter or thing connected therewith.

to day until a fair opportunity for hearing has been afforded to all desiring to contest the said assessments or proceedings, and the City Council shall have the power to and shall correct any errors, inaccuracies, irregularities and invalidities, and shall have the power to and shall supply any deficiency and shall determine the amount of assessments and all other incidental matters, and shall have the power by ordinance to close such hearing, and by the same or by a later ordinance or ordinances to levy such assessments before, during or after the construction of such improvements, but no part of any assessment against abutting properties shall be made to mature prior to acceptance by the City by ordinance of the improvements abutting the property for which the assessment is levied. It shall not be necessary to levy all of the assessments at one time or by a single ordinance, and said hearing may be closed as to each portion of a street or avenue constituting a unit of improvement (as such units are designated below), after a fair opportunity for hearing has been afforded to all desiring to contest the assessments proposed to be levied against the owners and their properties abutting on a portion of each such street or avenue constituting a unit of improvement; and the City Council shall then have the power to levy such assessments against such abutting properties and against the owners thereof, as provided herein and in the prior proceedings of the City Council herein referred to. No assessment will be made against any abutting properties or the owners thereof in excess of the special benefits to such properties and their owners in the enhanced value thereof by means of such improvements as determined at such hearing. All of said owners, claimants, railways and other interested parties, their agents or attorneys, are hereby referred for further information to the proceedings with reference to said improvements on file and of record with the City Secretary of the City of Cameron, Texas, and particularly to the estimate of the City's Engineer, and to the proposed assessment roll wherein the exact amount proposed to be assessed against each abutting property and the owner thereof is set forth: said City's Engineer's estimate and said proposed assessment roll being on file in the office of the City Secretary.

II The nature of the improvements for which assessments are proposed to be levied and to which this notice relates is the excavating, grading, filling and permanently paving or permanently repaving, repaving or straightening and widening, if necessary, of the hereinafter described streets and avenues or portions thereof, within the limits below set forth, so as to cause said streets and avenues to be paved to the width set out below, from back of curb to back

13 - Crockett from NPL 6th to SPL 12th	31'	3.96	5,636.43

IV The City reserves the right to omit the improvements in front of any properties any interest in which was exempt from the liens of special assessment at the time the street improvements were ordered, and further reserves the right to omit the improvements to entire units or blocks therein where one or more properties therein are exempt from the lien of the assessment and the owners fail or refuse to execute valid mechanics' lien contracts fixing valid contractual liens against such properties, or to otherwise secure the payment of their share of the costs of such improvements, and any such omissions will not invalidate the lien or liability on assessments made against the properties abutting any streets or avenues or any portions thereof being improved.

of curb, and the construction of six-inch curbs and gutters, where there is no existing curb and gutter which can be utilized and where there is existing curb and gutter which can be utilized by the reconstructing and realigning of same, where necessary, and the construction of such other necessary incidentals and appurtenances as the Engineer in charge of such construction has found to be necessary and advisable, all as shown by the plans and specifications of the City's Engineer; the exact nature of such improvements being more particularly shown in the plans and specifications which are on file in the office of the City Secretary of the City of Cameron, Texas. Said permanent paving shall consist of hot mix asphaltic concrete surfacing, 1 1/2" thick, on a 6" compacted pit-run gravel base with a 3 percent lime stabilized sub-base.

III The streets and avenues or portions thereof to be improved within the limits designated by the City Council are listed below as they have been divided by said City Council into separate and distinct improvement units. There is stated in connection with the listing of each street and avenue or portion thereof within the limits herein defined constituting a unit of improvement the estimated amount per front foot to be assessed against the owners of properties abutting such street or avenue or portion thereof and such properties, the estimated amount proposed to be assessed against any interest in or lien upon such abutting properties, the amount to be assessed as a tax against any railway using, occupying or crossing any of such streets or avenues within such limits for the cost of the improvements to be constructed in the area between and under rails, tracks, double tracks, turnouts and switches, and two feet on each side thereof, and the estimated total cost of the street improvements in each improvement unit and the width of paved surface to be attained from back of curb to back of curb.

In each unit, except Units 2 and 8, there is included in the estimated amount per front foot proposed to be assessed against abutting properties the owners thereof approximately \$1.48 per linear foot for curb and gutter. In the event there is adequate existing concrete curb and gutter abutting any one or more of the properties being improved, which curb and gutter can be utilized without reconstruction or realignment, such curb and gutter abutting such properties shall be utilized and no assessment will be levied against such properties or the owners thereof for curbs and gutters.

In Units 2 and 8, no curb and gutter will be laid and the rates shown above with respect to these units are for paving only.

The designation of such streets and avenues or portions thereof and such other information is as follows:

Whenever a part of the boundary of the City of Cameron is upon or along any street or avenue above named which at that point lies wholly within, partly within and partly without, or wholly outside the limits of such City, it is nevertheless the intention of the City Council that the portion of the cost which it is proposed to assess against abutting properties shall be assessed against the properties abutting on both sides of such streets and avenues and against the owners thereof.

DONE BY ORDER OF THE CITY COUNCIL OF THE CITY OF CAMERON, TEXAS, IN WITNESS WHEREOF WE HAVE HEREUNTO SET OUR HANDS AND THE SEAL OF SAID CITY ON THIS, THE 21st DAY OF MAY, 1968.

PRESTON SMITH for GOVERNOR

VOTE SATURDAY JUNE 1

TO: The Citizens and Voters of Texas FROM: Preston Smith, Candidate for Governor

I am proud to have been a part of Texas government for 18 years. Opponents may harp about what is wrong in Texas; I happen to think there are a lot of things RIGHT in Texas. I am proud of my state and its people.

Things can be even better, and I want to work with you in that direction. It's more or less in the political tradition to lambast your opponent and say a lot of ugly and cutting things about him. I don't want to engage in personalities; my opponent has no public record to criticize. Therefore I am running for Governor on my own merits.

It may be pretty ambitious for a farm-born, farm-raised Texas boy, who worked his way through Texas Tech and spent his adult years in business activities in Lubbock, to aspire to be Governor. You will be the judges as to whether my experience and proven qualifications entitle me to be elected. I will accept your judgment with real gratitude for your past support and friendship.

Please remember that if I am elected, my door will always be open to any Texan who has any problem whatever that the Governor can help with. I will always be interested in good government. I will always be interested in you.

With your help we can win this runoff against an opponent who has no public record of any kind... one who is aligned with groups that want to reject the progressive, constructive programs built by John Connally and his predecessors and replace them with so-called "liberal" ideas of their own.

I want to continue and improve on the start we have made in education, pollution control, law enforcement, highways, water conservation, promotion of industry and tourism, and many other vital areas.

The purpose of this message is to ask for your support and vote in the Second Democratic Primary Saturday, June 1.

As your Lieutenant Governor for the last six years, I believe I have qualified myself to seek the high office of Governor. You know I finished second among 10 candidates in the First Primary, about 29,000 votes behind the leader with 1,750,000 votes cast.

The said hearing may be continued from time to time and day thereof being improved.

Ed. Del. Adv. - Harold Dudley, Campaign Manager

## LEGAL NOTICE—

### CITATION BY PUBLICATION

**THE STATE OF TEXAS**  
TO: S. J. Foster, if living, whose  
place of residence is unknown to  
Plaintiffs, and if dead, the legal  
representatives of said Defendant,  
and the unknown heirs of said  
Defendant, the legal representa-  
tives of the unknown heirs of said  
defendant, if the unknown heirs  
of said Defendant are dead; the un-  
known heirs of the unknown heirs  
of said Defendant are dead, whose  
places of residence are unknown to  
Plaintiffs. Greeting:

**YOU ARE HEREBY COMMAN-  
DED** to appear before the Honora-  
ble District Court of Milam County  
at the Courthouse thereof, in  
Cameron, Texas, by filing a writ-  
ten answer at or before 10 o'clock  
A.M. of the first Monday next after  
the expiration of forty-two days  
from the date of the issuance of  
this citation, same being the 1st  
day of July A.D. 1968, to Plaintiff's  
Petition filed in said court, on the  
22nd day of April A.D. 1968, in this  
cause, numbered 15,911 on the do-  
cket of said court and styled Joseph  
Blase Cesak, et al, Plaintiffs, vs.  
The Unknown Heir of S. J. Foster,  
Defendant.

A brief statement of the nature  
of this suit is as follows, to-wit:  
Suit in Trespass to Try Title to  
recover title and possession of Lot  
27 of the Smith, Ackerman and  
Green Addition to the City of Rock-  
dale, Milam County, Texas; as is  
more fully shown by Plaintiff's  
Petition on file in this suit.

If this citation is not served  
within ninety days after the date  
of its issuance, it shall be returned  
unserved.

The officer executing this writ  
shall promptly serve the same ac-  
cording to requirements of law,  
and the mandates hereof, and  
make due return as the law directs.

Issued and given under my hand  
and the seal of said court at Cam-  
eron, Texas, this 15th day of  
May A.D. 1968.

Attest: Grady Allen, Clerk  
District Court Cameron,  
Milam County, Texas

9-41c

## CARD OF THANKS

## By Vern Sanford

Usually you can spot an expert  
pleasure boater by the condition  
of his trailer.

Because he knows that a full  
summer's fun afloat can depend  
on a reliable trailer—one with  
tires, wheels and bearings prop-  
erly serviced.

## LEGAL NOTICE—

**NOTICE** is hereby given by the  
Parks and Wildlife Department  
that a public hearing will be held  
at Cameron, Texas on June 12,  
1968 at the County Courthouse at  
8:00 p.m. for the purpose of gather-  
ing information concerning pro-  
posed hunting, fishing and trap-  
ping regulations for the above-  
named county.

As the result of action by the  
Texas Legislature, the Texas  
Parks and Wildlife Commission is  
responsible for the setting of sea-  
sons, bag limits, and means and  
methods of taking the wildlife re-  
sources in Milam County. All in-  
terested persons are urged to at-  
tend and comment upon the pro-  
posed regulations. 11-11c

Even the very best trailer wheel  
bearings need to be cleaned and  
repacked periodically. Especially  
should this be done as soon as  
possible after the wheels have  
been submerged in water. But how  
many boat owners do this? They  
are few and far between.

Furthermore, there's a correct  
way to do the job of greasing  
wheel hub bearings. Whether or  
not you do it yourself, here's how  
it should be done.

First of all, when pulling hubs  
off the axles, do so gently. Turn  
them a little to help the grease  
retainers slide off without harming  
their working edges.

Second, wash the removed bear-  
ings in a petroleum solvent and  
wipe the old grease from the hub  
interiors with a clean, soft cloth.  
Then, inspect the cleaned bear-  
ings and races for signs of wear  
or corrosion, taking care to keep  
out all grit and dirt.

Trailer - pulling boat owners  
should remember that after trail-  
ering for any distance, trailer

bearings become very hot. While  
in this condition, dunking the  
wheels in cold water will either  
crack the bearings or the swift  
cooling and contraction will suck  
in water.

Since there are various kinds of  
grease available, be sure to get  
one that is clearly labeled for  
wheel bearings.

Put a spoonful of grease in the  
palm of one hand and press the  
bearing cages into the grease to  
push the lubricant in between the  
rollers.

Then, put a layer of grease  
around the inside of the hub bores.  
Don't fill the hubs completely be-  
cause when they warm up on the  
road, excess pressure will build  
up behind the seals.

Finally, after re-installing hubs  
and wheels, tap the dust caps on  
carefully. Make sure they go on  
straight and fit snugly.

A final word of caution — a  
high-speed bearing failure will  
cause your trailer to start swaying.  
So, listen for squeaky wheels. Each  
time you stop see if the hubs feel  
hot. Both are danger signs!

## Services Held For Widow Of Calvin Markham

Mrs. Calvin Markham, 55, died at her home, 203 E. 18th St., early Sunday morning. She was the widow of Calvin Markham who operated a cleaning business in Cameron for many years.

Mrs. Markham was born January 21, 1913 in Milam County, daughter of Ed and Mary Ingham Shafer. She had been a resident of Cameron all her life.

Funeral services were held at 2 p.m. Tuesday in the chapel of Green's Funeral Home with Rev. J. E. Lafferty officiating. Burial was in Oak Hill Cemetery.

Surviving her are: one son, Jimmie Markham of Hurst, Texas; one brother, Charlie Shafer of Cameron; three sisters, Mrs. Irene Fuller, Mrs. Florence Williams and Mrs. Mary Lou Halpain, all of Cameron.

Green's Funeral Home, Cameron, was in charge of arrangements.

**THE FAMILY LAWYER**

### Taming The Kidnapper

Of all the agonies inflicted upon the family of a kidnap victim, probably the worst is the fear that harm will befall their loved one.

To stay the kidnapper's hand, the Federal Kidnapping Act — and some state kidnap laws as well — impose a milder penalty on the kidnapper if he releases the victim unharmed.

What does that mean? What kind of "harm" are these laws talking about? Obviously there is harm inflicted, calling for the heavier penalty, when the victim has been subjected to a deliberate beating or a criminal assault.

Likewise, a court held that harm had been inflicted when two women and a child were locked in a small, overheated closet, and later bound hand and foot with ropes and wire.

On the other hand, when the only injury was that the kidnapper had gripped the victim's arm as hard enough to hurt, the court refused to impose the heavier penalty.

"Such trivial injury," said the judge, "is not sufficient to constitute bodily harm."

Suppose the injury is indeed serious, but—rather than being inflicted by the kidnapper—is the result of the victim's own attempt to escape. Does that kind of an injury "count" against the kidnapper?

The court said yes in one case, in which a girl was hurt when she jumped from a moving car. The court reasoned that, since the kidnapper had been threatening to assault her, the dangers of an attempted flight could fairly be attributed to him.

But in another case, where no threats of harm preceded the escape attempt, the court ruled that the resulting injury could not justify a heavier penalty against the kidnapper.

It may seem strange to draw such careful distinctions in judging someone as reprehensible as a kidnapper.

Yet, after all, the law's purpose is not to do the kidnapper any favors but to reduce the danger to his victim. This can be achieved only if the kidnapper has reason to believe that, if he goes easier on the victim, the law will go easier on him.

# DON YARBOROUGH

## Don Yarborough Forges Toward Runoff Victory

Gubernatorial candidate Don Yarborough rolled up a lead of more than 30,000 votes in the first Democratic primary, which was the most exciting victory margin for a people's candidate for governor since Gov. Jimmy Allred was elected 30 years ago.

Going into the second primary on June 1, he is gaining new and greater momentum from all quarters of Texas. The response was a citizens' rally to his program of specific issues and the fact that he is the only candidate in the runoff to offer complete programs instead of merely citing problems.

Yarborough, a dynamic, young Houston attorney who headed a nine-man law firm, has impressed thousands of Texans with his warm approach to campaigning.

Almost a half million voters joined him in his call for a new unity and a new sense of direction in Texas. Thousands more Texans have joined his campaign after getting to know him better through his constant travels to wage a person-to-person campaign.

Yarborough's specific programs to give Texas a fresh start have captured the imagination of millions of Texans who know that he is the only candidate in the runoff who is not tied to the same group that has held Texas back. Texans are joining his call for new independence because they demand more than the timid government the state has had the past 30 years.

Yarborough has been willing to meet the challenges of government and the people. He has taken his campaign to the streets of cities and towns across Texas. And he takes his campaign to the people via on-camera television appearances.

Yarborough's candidacy offers Texans a clear choice to select a man who has the boldness to move forward with the times and the stability to make modern, creative programs work.

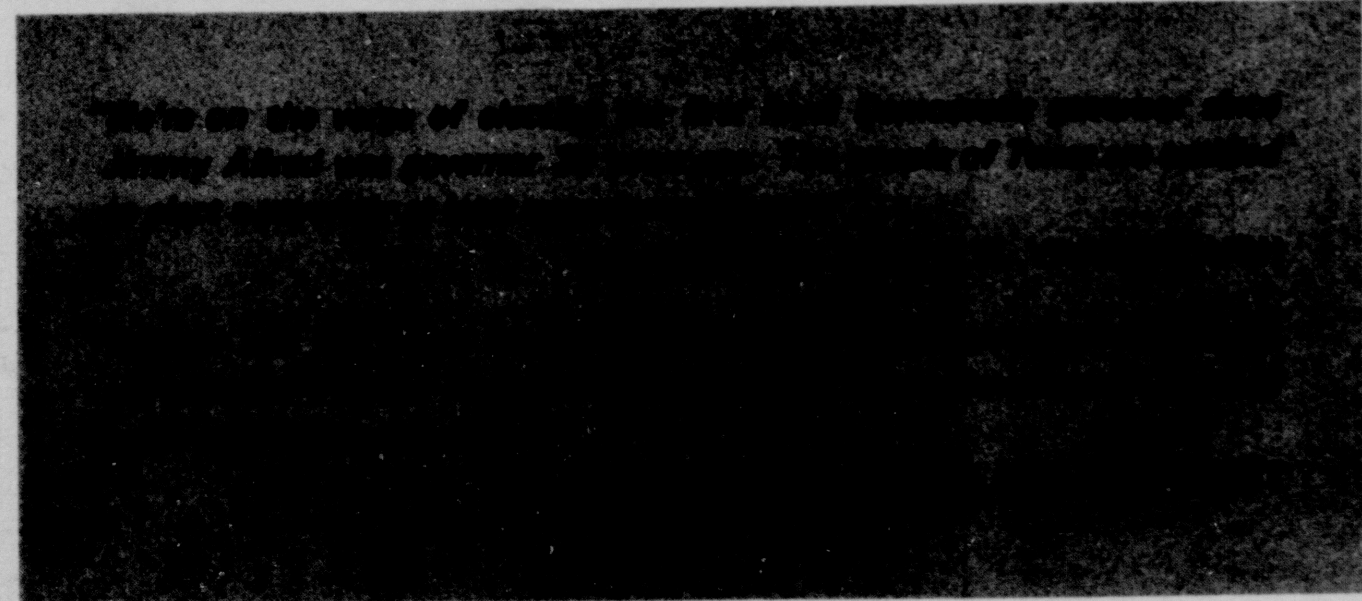

Yarborough, 42, has shown that he has the energy and vitality to take his plan to meet the needs of today and the challenges of tomorrow to every Texan.

A former Junior Chamber of Commerce national public speaking champion, Yarborough's leadership abilities have been noted by millions who have seen his telecasts.

The front-running Democratic candidate pointed out early in his campaign that he wanted every Texan to see and hear the man they want as their next governor. He refused to run his campaign solely on printed handouts and "canned" TV and radio commercials.

His willingness to deal with specific issues was proven time and again in his appearances on panel shows and his acceptance of invitations to debate his opponent on the major television stations of Texas and in the political arenas of the state.

Texas can never have a fresh start toward new goals and higher national rankings until it has a governor who is willing to turn the challenge of the people into vital programs that can be put into immediate action to benefit every Texan, Yarborough pointed out.

YARBOROUGH**

for **GOVERNOR  
of TEXAS**

412 WEST 17TH STREET  
AUSTIN, TEXAS 78701

P. O. BOX 1000  
AUSTIN, TEXAS 78767

AREA 512  
472 4161

Dear Fellow Texan:

This has been a people's campaign for governor, and it is the people who will decide the winner. The response at the polls in the first primary was magnificent.

The field has narrowed now; only two candidates for governor remain. I sincerely and humbly ask that you support me in the runoff election Saturday, June 1. You have a choice--a choice between clinging to the past or seeking a great future, a choice between more of the same . . . or new, vibrant leadership for Texas.

My victory in the first primary was a testimony to what Texans can do, choosing leadership that will bring unity and harmony to our state. There were a number of fine men running for governor in that race. Thousands of voters who supported other candidates in the first primary are now with me.

I can never express my thanks to these new supporters for the loyalty and dedication they are showing. I can only pledge to you that I will work with the same dedication and spirit to help build a better Texas. Working together on imaginative programs we can recapture a new sense of mission . . . we can answer the challenges with opportunity and accomplishment.

I ask each of you to join with me. You have my pledge to be a governor who favors no single faction, no single region, no single cause. You have my commitment to progress. You have my vow to lead a government for every Texan--based on close teamwork between the governor and the people of Texas.

Sincerely,

*Don Yarbrough*  
Don Yarbrough

P.S. Even if you did not vote in the first Democratic primary you are still eligible to vote in the runoff.

Dallas, Texas

### Yarborough 4-Year Campaign

BY LYN BLACKMON  
OF THE GAZETTE STAFF  
Don Yarborough, candidate for governor of Texas, told a Texarkana gathering Tuesday morning that he was 100 per cent behind Texarkana College being changed from a junior college into a four year college. He said he would like to see it done.

### Don Yarborough Due Big Welcome

Don Yarborough, reported to be a cinch to win the runoff for the Texas gubernatorial race, was due a big welcome from the people of Texas.

### Don Yarborough Given Support

The leadership council of Texas 27,000-member United Auto Workers Union unanimously endorsed Don Yarborough for governor in its annual convention held in Juarez, Mexico, last weekend.

## Hits Pollution, Deception

### Yarborough Raps Exploiters

Don Yarborough Issues Consumer Protection Call  
AP — Don Yarborough, Texas gubernatorial candidate, said today that the fight against pollution and deception is the most important of our time.

"YOU'VE GOT some Republicans here," Yarborough said today, "and I want to say that they should not have a license to pollute."

"Don Yarborough wants to rechannel government spending and bring creative ideas to government that are geared for today's technology and society."

—FORT WORTH PRESS

"He (Don Yarborough) identified the exploiters as the auto insurance companies that charge too high rates, industries that pollute the air and water, and businesses that deceive the consumer in the market place."

—HOUSTON POST

"Progress has caught up with Yarborough to such an extent that (Gov. John) Connally recommended last year one of Yarborough's primary campaign proposals."

—DALLAS TIMES HERALD

"Yarborough is a formidable campaigner. . . . Smith probably will have no difficulty in obtaining funds. But his lack of color may prove to be a handicap in a vigorous two-man race."

—CORPUS CHRISTI CALLER

### Yarborough Asks Backers Not to Let Up

Democratic gubernatorial candidate Don Yarborough asked supporters at Waco, Texas, Tuesday to keep backing him.

### Don Supports Bilingual Plan

SAN ANTONIO (AP) — Bilingual school programs for Mexican-American children were endorsed Saturday by Don Yarborough.

### Compensation Law Called 'Disgrace'

BROWNSVILLE, Tex. (AP) — Don Yarborough, candidate for governor in the Democratic primary, said Texas' workmen's compensation law "is a disgrace to our entire state." He said it limits compensation for injured workers to \$35 a week, and he pledged one of his first acts, if elected, would be to recommend a bill which would allow an injured worker to receive two-thirds of his base salary.

PAID POL. ADV.

# DON YARBOROUGH

A few years ago, when Don Yarborough was 38, Life Magazine selected him as one of the 100 young Americans who were members of the take charge generation. In selecting Yarborough, Life said his group was distinguished by "dedication to something larger than private success," because they had "the courage to act against old problems, the boldness to try out new ideas, and a hard-bitten, undaunted hopefulness about man."

We millions of Texans all recognize these attributes in Don Yarborough: his dedication, his boldness, his hopefulness. Other Texans add another which the editors of Life failed to notice: the warmth of his personality. They know, besides, a great deal more about his courage than those editors could have known back in 1963, for they have seen him, since then, in action, fighting a mighty battle against overwhelming odds.

While his life has been a series of brilliant achievements, not all of his triumphs were easily won.

Born in New Orleans, he spent a part of his boyhood hoeing and picking cotton on a Mississippi farm. He came with his family to Houston when he was 12, and on graduating from high school at 17 enlisted in the U.S. Marine Corps, entered Officers Training School, and became, at the age of 19, one of the youngest Company Commanders in the history of the Marines. He served in China at the close of World War II.

After the war, Don entered the University of Texas, working part time to supplement the stipend he received under the GI Bill, and earned his law (LLB) degree in 1950. In college, Don was national debating champion.

He re-entered the Marine Corps to serve during the Korean War, then returned to Texas to found his own law firm and take part in civic affairs. In 1956, as one of the youngest presidents in the history of the Houston Junior Chamber of Commerce, Don helped build the largest chapter in the nation at that time. He has been active in charitable work, serving on the boards of the Big Brothers, the United Fund and the Holly Hall Home for the Aged in Houston. He is also a member of the VFW. He is an Episcopalian.

In 1960 he married the former Katherine Alison Edwards of Houston. The Yarboroughs have four children: Inez, 7; Francey, 5; Dakota, 3 and Sophie, 13 months.

When Don Yarborough entered the race for Governor in 1962, he was virtually unknown. And yet, in a field of five Democratic candidates, he reached the run-off and came within 26,000 votes — one percent of the total — of winning the nomination.

The results are now apparent. Don Yarborough has not only kept his following, but has added to it a host of new voters. The time is right. The people have a chance to win a great victory.

"Don Yarborough has the courage to act against old problems, the boldness to try out new ideas, and a hard-bitten, undaunted hopefulness about man."

LIFE MAGAZINE

**THE YARBOROUGHS**

Even a tireless candidate has a few minutes to romp with his children . . .

and to see them off to school after an impromptu talk about nature.

# DON YARBOROUGH ... A Texan Who Cares

Don Yarborough's specific program to give Texas a "fresh start" is a program for people.

Everywhere he has gone in Texas people from all walks of life, from all creeds and cultures have responded favorably to his willingness to accept challenge and his courage to fight to build a better Texas. Texans know that Don Yarborough is the **ONLY MAN WHO CAN!**

Don Yarborough is independent. He is not tied to the same group that has controlled Texas government for 30 years. The same group that has failed to meet its promises to the people with half-a-loaf programs that have barely maintained the status quo among the rankings of the 50 states.

Don Yarborough can give Texans the exciting leadership necessary to move ahead.

He has a specific plan. He has promised to deliver 100 per cent programs.

As governor, Don Yarborough will work with federal, state and local officials to do everything possible to forge better farm and ranch programs. He is the only candidate for governor who has outlined his specific plans to fight to build new markets for Texas food, feed and fiber ... to protect the family farm ... and to achieve maximum profits.

Don Yarborough is the only candidate in the race who has called for increased oil and gas production. Don has also called for increased oil and gas production. Don has also called for increased oil and gas production. Don has also called for increased oil and gas production.

Don Yarborough is the only candidate with a specific plan to help the youth of Texas. He knows that the young generation is Texas' most valuable resource. Yarborough has called for increased teachers' salaries in order to keep and attract more educators to build better schools.

The working men and women of Texas are the backbone of our state. Don Yarborough has been the only candidate in the race to call for programs to protect injured workers and provide adequate job injury compensation. He is also for a strong program of vocational-technical training.

The women of Texas know that Don Yarborough is the only candidate for governor who firmly supports equal legal rights for women. They also know that he has pledged to protect consumer rights and the purchasing power of the housewife in the marketplace.

# A Person-To-Person Campaign

It doesn't take Don Yarborough more than a year to stodgily campaign around Texas. He is an on-the-go candidate like he will be an on-the-go governor. He knows that a giant state like Texas cannot have true unity and progress until it has a governor ready to reach out to all regions. Don Yarborough is going to the people. That's why the people are coming to Don Yarborough for new leadership. His campaign like his program is one of action. Don Yarborough will be a dedicated, dynamic governor. Just ask the people:

*In the small towns of East Texas*

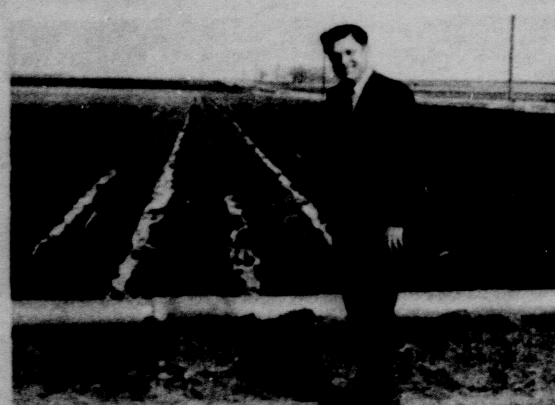

*In the fiesta land of South Texas*

*In Houston, his home town*

*On the farms and ranches of Texas*

*In the big sky land of West Texas*

*In the shops and stores across the state*

Don Yarborough's vigorous campaign has been solidly based upon a program to bring a greater prosperity to Texas. His victory in the first primary was a testimony to his out-going campaign to Texans to work in unity and harmony to bring new industry to Texas, to train more Texans for better jobs, and to develop the talent of our great state with a Human Resources Commission.

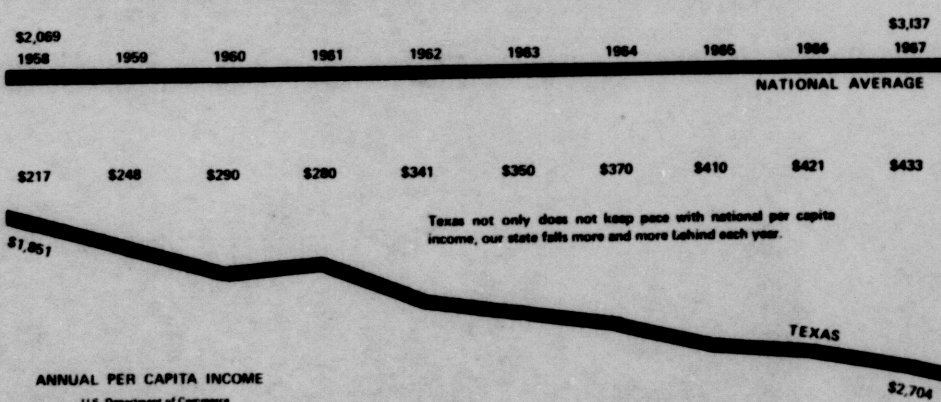

Foremost in his program for prosperity is his specific plan to recruit 100 teams of volunteers who will tour the nation to bring new industry to Texas. He has also proposed the creation of a special agency to work full time bringing industry to small towns and thereby boost the sagging economy in rural Texas and alleviate the burdens on the cities that have to accommodate the exodus of Texans from small towns.

Don Yarborough's plan for increased prosperity in Texas has captured the imagination of businessmen across Texas who know he is the only candidate in the runoff with a workable program for Texas.

Don Yarborough has also called for tuition-free junior colleges to train more young people in vocational-technical fields as well as academic subjects. He has proposed specific plans to retrain the underemployed and the unemployed. These programs can only mean more jobs, more wages and more profits for the businessmen of Texas. Don Yarborough knows it and so do the thousands of Texans who have endorsed his exciting programs to build a better Texas. Don Yarborough has a vast, imaginative program for Texas for he is a people's candidate. One of the main priorities of his administration will be education. He has endorsed a teachers' pay raise of at least \$1,000 immediately, and has said he will fight for guaranteed contracts, paid sick leave for teachers and academic freedom.

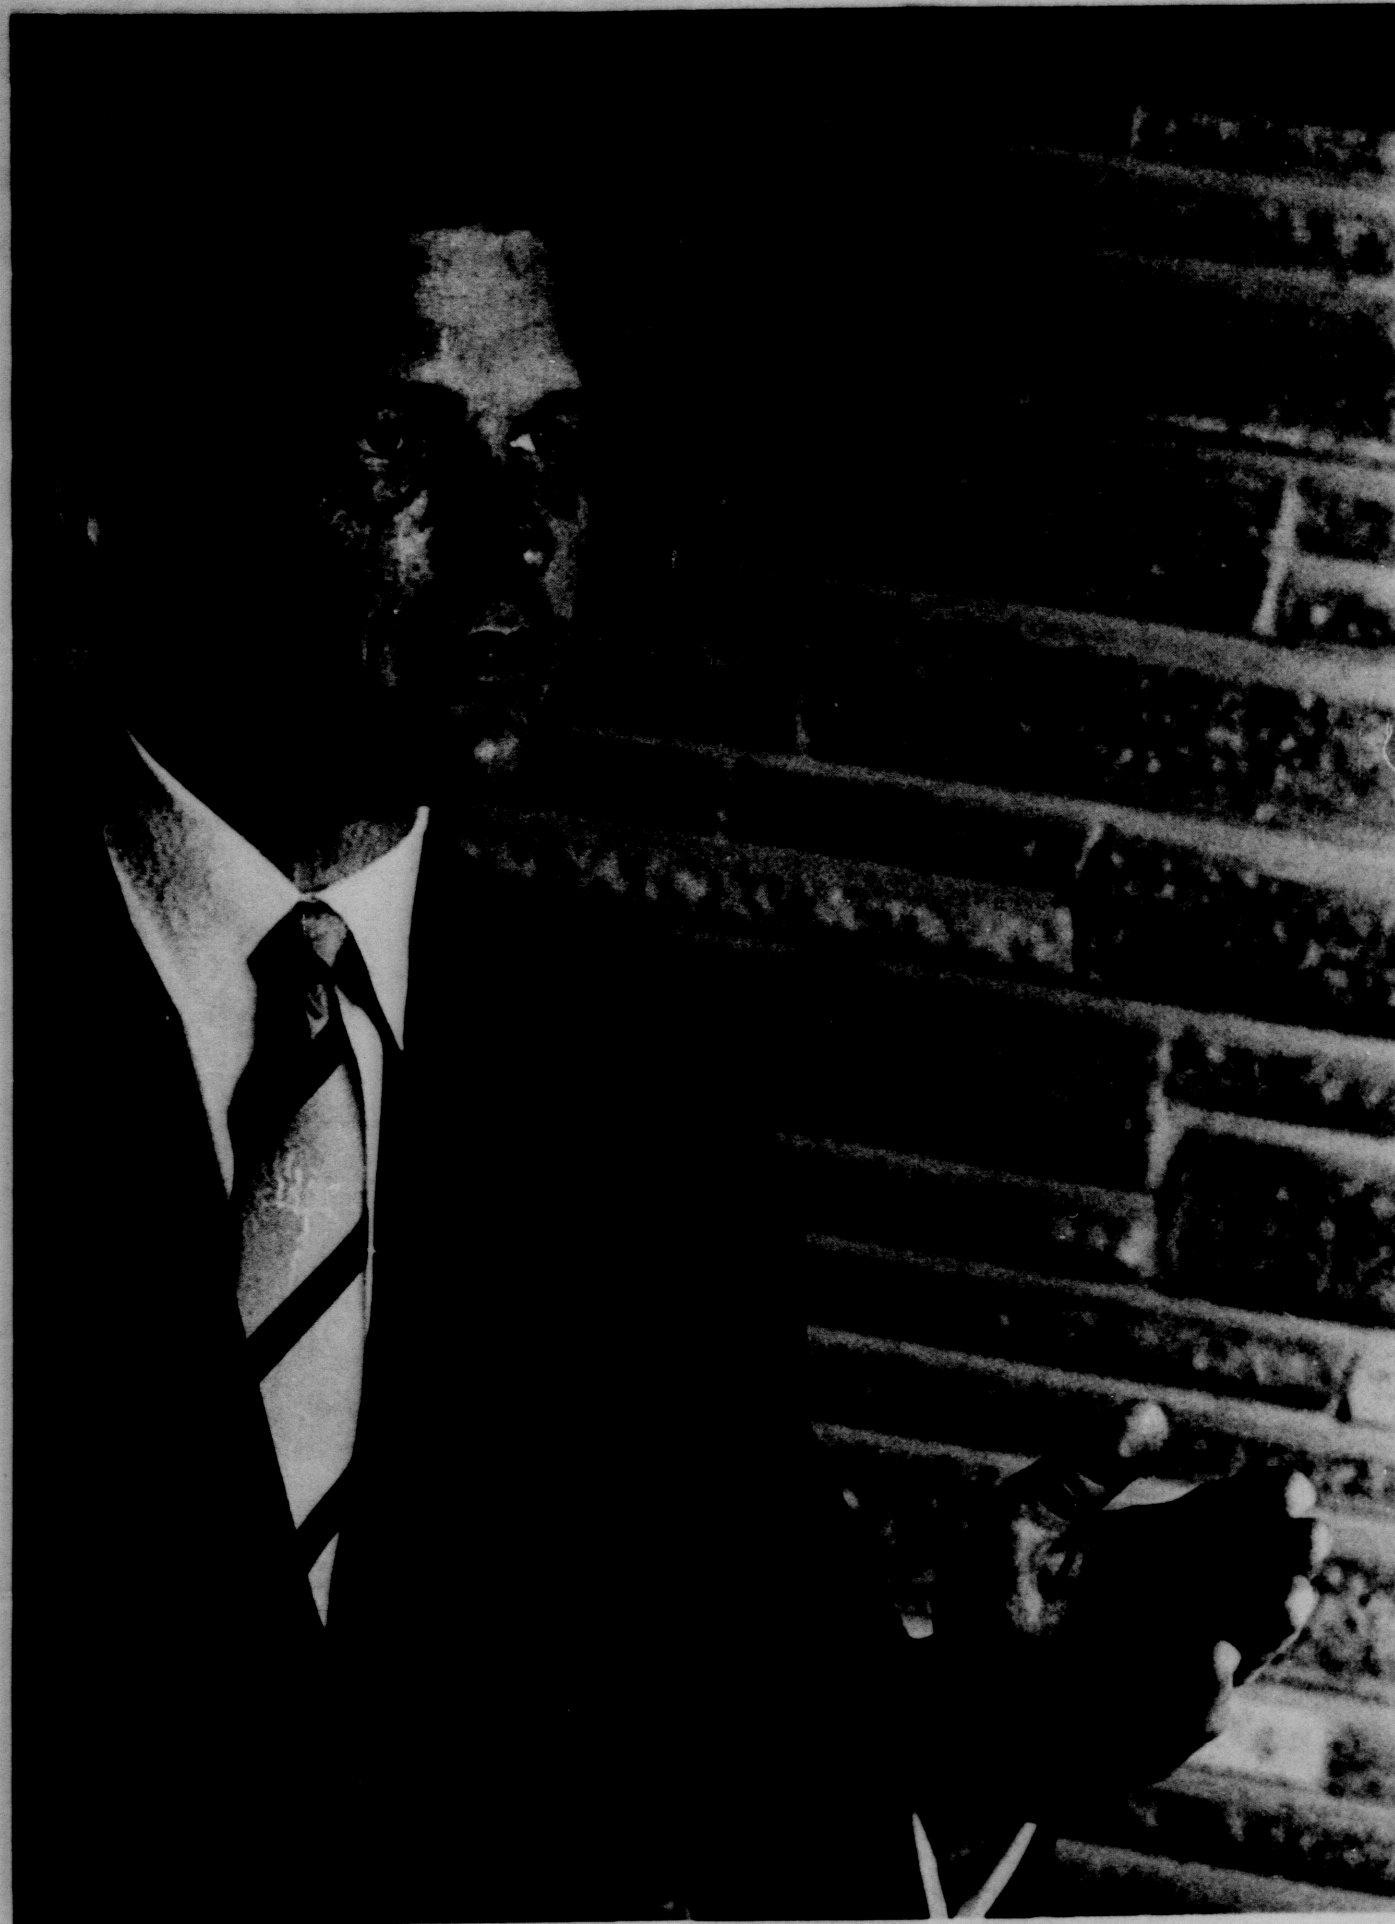

The list of his specific programs can go on and on. Don Yarborough's program is one that can be accomplished only by a man who is not tied to the same group that has barely kept even with the status quo as the rest of the nation moves ahead. He is the only man who can work with all groups to give Texas a new sense of mission. Why? Because he is free to bring independent leadership to Texas. Free to work for all Texans and encourage unity for achievement.

## MUST TEXAS INCOME AND PROFIT CONTINUE TO DROP BELOW THE NATIONAL AVERAGE? DON YARBOROUGH SAYS, "NO!" —

The above graph not only shows how Texas lags in the nation in per capita income, but it shows how the state is falling even more and more behind in an era of increased prosperity in the nation. Texas must have new leadership to bring creative programs to government to solve this pressing problem. Don Yarborough is the only candidate for governor who has a specific program for better wages, more purchasing power and more profits for all segments of our society.

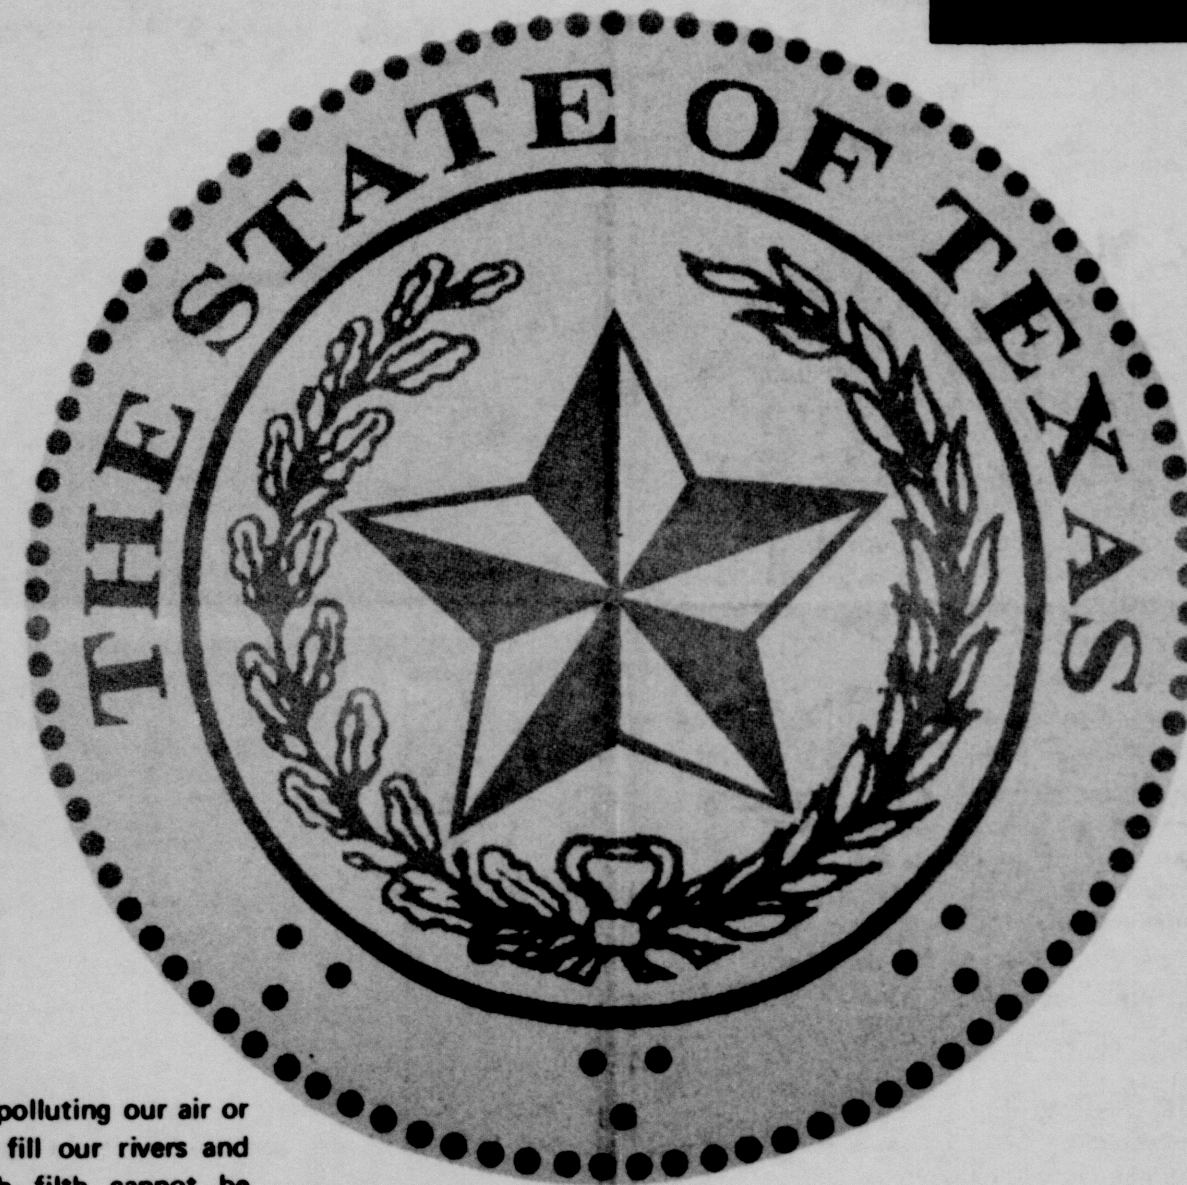

# THE ONLY MAN WHO CAN!

Don Yarborough believes a campaign for governor must be based upon specific issues. It is not enough to talk of experience and mention problems without offering specific solutions. As one Texan pointed out to Don during his campaign tours: "A lot of baseball players have many years of experience, but when they can only bat .200 they are shipped to the minor leagues." Don Yarborough has major league programs for Texas.

"Esperanza!" "Hope!" The magic word in the lives of everyone. Don Yarborough is the only candidate who has called for specific state supported kindergartens, and a bilingual education program along with a teachers pay raise of \$1,000 immediately. He is the only candidate whose hands are free to act.

Don Yarborough is the only candidate for governor who has called for a State Consumer Protection Commission. He believes that every Texan should receive a dollar's worth of value for every hard earned dollar spent.

You as a citizen can be jailed for polluting our air or water, but the big industries who fill our rivers and streams and our atmosphere with filth cannot be prosecuted. Don Yarborough is the only candidate for governor who is for Rep. Rex Braun's legislation to permit Texas to prosecute those who would strangle us with their waste.

Don Yarborough is for a minimum wage. He is the only candidate for governor supporting this issue which has already been passed to the benefit of labor and business in 37 other states. He also is for more vocational-technical training to prepare everyone for more job opportunity.
